

Spacecraft Flight Is Successful

12,000 MPH Hop
Tests Materials
Of Sleek Payload

CAPE KENNEDY, Fla. (AP)—A delta-winged spacecraft successfully rocketed over a scorching 12,000-mile-an-hour ballistic course today on a flight intended to test materials for maneuverable manned space vehicles.

The sleek black payload was propelled skyward by a two-stage Thor-Delta rocket which blasted away from Cape Kennedy at 10:39 a.m. (EST).

The craft darted to an altitude of about 40 miles and then screamed back through the atmosphere to a landing in the Atlantic Ocean after a 25-minute flight.

The Air Force reported an aircraft had spotted the vehicle in the water just 15 miles short of its intended target. Recovery forces moved toward the area.

The launching was the third of six planned in the Air Force's Project Asset, which stands for aerothermodynamic - elastic structural systems environmental tests.

So far the program has had only partial success. The first Asset vehicle survived a ballistic flight and radioed good data, but sank in the Atlantic when flotation gear failed. The second shot failed because of trouble with the second stage of the Thor-Delta booster.

Goal of the Asset series is to verify structural soundness of the spacecraft and to determine how well various protective materials withstand atmospheric buffeting and re-entry heat up to 4,000 degrees Fahrenheit.

The Asset craft are miniature versions of what future astronaut vehicles might look like. They weigh 1,100 pounds, are six feet tall and have a wing-span of five feet.

Ruling Near On Test Of Rights Bill

ATLANTA, Ga. (AP)—A three-judge federal panel ponders a decision today in the first court tests of the recently enacted Civil Rights Act.

The tests involve a restaurant owner who contends the law is illegal and does not apply to him, and a motel owner who wants to bar the government from enforcing it.

Two separate suits are involved. They were heard by the same three-judge panel.

The suit against restaurant owner Lester Maddox was filed by three Negroes who were turned away from the restaurant.

Before Maddox turned the Negroes away July 3, he notified newspapers and television stations that something was about to happen.

Thus, the government was able to introduce film and sound tapes at the hearing. The film showed Maddox brandishing a pistol as other white persons stood by with ax handles.

Intestate commerce is the crux of the issue in the suit against Maddox.

The civil rights law applies to businesses serving or offering to serve interstate travelers and having received a substantial portion of their goods through interstate commerce.

Thirteen wholesale grocery and meat dealers testified at the Maddox hearing completed Monday. They said that between 50 and 92 per cent of their goods came from other states.

Maddox, who did not testify, said earlier that it is his policy not to serve Negroes and that his policy will continue, since he considers this to be his constitutional right.

Two Reorganization Plans Are Approved

CARTHAGE, Mo. (AP)—Jasper County voted on four sweeping school reorganization plans Tuesday. Two passed and two were defeated.

Approved were the consolidation of the Webb City and Oronogo school districts, 480 to 265, and the Waco, Carl Junction and Asbury districts, 690 to 446.

Rejected were a merger of the Sarcosie, Reeds and Laussell districts, plus a rural district 394 to 343, and a consolidation of 14 rural districts with the Carthage district, 2,921 to 413.

NOT A STEPPING STONE—An Angora goat, front, and his partner, a Spanish goat, use the back of a Galapagos turtle to reach tasty tree leaves in the Dallas, Texas, zoo. When the turtle crawls under the tree, the goats take a flying leap to nab some greenery. (AP Wirephoto)

No Amounts Of Charges In Ordinance

Collection Fees For City Waste Not Determined

Copies of the proposed city ordinance initiating a monthly fee for the collection of garbage in Sedalia were made available by the office of City Clerk Ralph Dedrick Tuesday afternoon and the ordinance is published below in its entirety.

Notably the ordinance is blank in Section 6 where the monthly charge for residence, duplex and apartment dwellings are to be set out. No price was mentioned Monday night when the ordinance was read for the first time before the City Council.

However, on July 6 when Mayor L. L. Studer first brought up the fee proposal a charge of \$1 per month was the figure quoted by the mayor. City officials since then have indicated further investigation is needed before the collection charge can be set. The proposed ordinance follows.

BE IT ORDAINED by the Council of the City of Sedalia, Missouri, as follows:

SECTION 1. Definitions. The word "garbage" as used in this ordinance shall mean food wastes from homes, including wastes from the handling, preparation, cooking and consumption of food, and the word "refuse" shall mean, but not exclusively, waste paper, cartons, boxes, tin cans, crockery, glass, trash, cardboard, cloth materials, ashes, leaves, grass clippings, yard trimmings, sticks, but does not include rocks, stones, bricks, concrete and iron nor any objects weighing more than 25 pounds.

SECTION 2. Containers and Contents. Every owner, tenant, housekeeper or other person or persons occupying any room, dwelling house, duplex, apartment or other building or portion thereof and producing and responsible for the disposal of garbage and refuse which is to be collected and removed by the city, shall provide, and renew when necessary, a container or containers to hold such garbage and refuse placed therein. All containers shall be of metal, with tight fitting covers and shall be water tight, and shall have a capacity of not more than 25 pounds.

Poplar Bluff Passes Industrial Bonds

POPLAR BLUFF, Mo. (AP)—A \$1,400,000 industrial bond issue was approved at Poplar Bluff Tuesday.

The vote was 2,142 for the bonds and 61 against. A 40,000 square foot building will be built at Poplar Bluff for the Union Malleable Manufacturing Co. of Ashland, Ohio. Union manufacturing produces pipe fitting joints.

Airport Bond Issue Okayed at Brookfield

BROOKFIELD, Mo. (AP)—Construction of a municipal airport was approved by Brookfield voters in a special \$60,000 bond issue election Tuesday. The vote was 786 for to 188 against.

The all-weather airport, to be constructed a mile southwest of the city, is expected to cost \$114,000. Federal and state matching funds will furnish the remainder of the money.

State Mental Health Plan From Panel

JEFFERSON CITY (AP)—The Missouri Association for Mental Health submitted to the "Little Hoover" Commission today recommendations to improve the growing program of mental treatment in the state.

In a seven - page statement, the association with more than 50,000 members listed what it called minor changes needed to improve the program, including:

1. Increase the present mental health commission from five to seven members, retaining the present limitation of not more than three psychiatrists. But one of the additional members could be a general practitioner of medicine to provide his professional aid in developing programs that would include the physical health of the patients.

It would also provide better continuity for the commission and perhaps lengthen the actual term of office of good mental health directors. The commission now appoints the director for a term of four years.

2. Transfer programs that are basically in mental health to the division of mental diseases. Now they are under the division of health and include such programs as:

Supervision of patients of mental hospitals who are transferred to nursing homes.

Supervision of public health nurses who call on families at the request of family physicians.

Mother of Five Held In Slaying of Mate

KANSAS CITY (AP)—The young mother of five children was held today in the slaying of her husband.

Paul Pickens, 37, was dead when taken to a hospital with bullet wounds in the chest and right side. Police said his wife, Mrs. Sherry Gayle Pickens, 24, reported she fired three pistol shots at her husband after he threatened to kill her.

Mrs. Pickens said her husband beat the couple's four-year - old daughter before he went to work last night. When he returned home early today, she said, he began beating her and she got the pistol out of a drawer and shot him.

Two Senators Not Backing Barry 'Now'

Most Goldwater Foes In Party Want Revisions

By THE ASSOCIATED PRESS

A dozen Republican politicians, including New York's two senators, say they can't support GOP nominee Barry Goldwater for president—as of now.

None bolted the party. None said he would campaign for President Johnson.

Most said Tuesday they might back the Arizona senator if he clarifies or revises his views.

Sens. Jacob K. Javits and Kenneth B. Keating of New York announced their stands in separate news conferences.

Both supported Gov. Nelson A. Rockefeller of New York for the GOP nomination, and switched to Gov. William W. Scranton of Pennsylvania when Rockefeller withdrew.

Javits, who is not up for reelection this year, said he would work for a state platform along the lines proposed by Scranton for a national platform at the San Francisco convention.

(Please turn to Page 4, Col. 3)

Civil Defense Issue Still 'Up In Air'

Civil Defense and its recent program curtailment to a part-time operation in Sedalia and Pettis County popped back into the news Monday night and today. Fourth Ward city councilman Robert Bader said he plans to raise the issue again in council Aug. 3 under the category of city good and welfare.

Bader said the vote taken on the council floor ending in a 4-4 tie was not a vote to place the Civil Defense program on a part-time basis, but rather a vote to consider whether or not the issue should be brought before the council later for further discussion.

"If I can't get the mayor to bring it up any other way, I'll just force it myself under Good and Welfare," Bader said.

In a joint meeting June 6, Mayor L. L. Studer, six city councilmen and the three County Court judges voted 8-2 to continue the CD agency on a part-time basis.

Bader argues the council has no authority to make such a decision except in open meeting on the council floor. Bader himself was not able to attend the June 6 meeting.

Finance and tax committee chairman, J. C. Griffin, showed a total of \$1,200 budgeted for Civil Defense in the city budget report Monday night. This (Please turn to page 4, col. 1)

Cuban Aggression Action Study by Foreign Ministers

Khrushchev Assails GOP 'War' Plank

US Ambassador Walks Out On Warsaw Meeting

WARSAW (AP)—"Clean our weapons, always keep our vigilance and stay on full alert," Soviet Premier Khrushchev told the Communist bloc Tuesday night after attacking Sen. Barry Goldwater and the Republican platform.

Khrushchev spoke at a celebration of Poland's 20th anniversary as a Communist nation after the U.S. and British ambassadors walked out in protest against attacks on U.S. policy by Polish Communist party chief Wladyslaw Gomulka.

Assailing the Republican platform as warlike, Khrushchev said it was adopted in San Francisco "in an atmosphere reminiscent of the fascist (Nazi) gatherings in Nuremberg."

"The candidate put forward for the presidency," Khrushchev continued without calling Goldwater by name, "made it clear that he wants to enter the White House under the slogans of unbridled anti-communism and war threats."

"The Soviet Union has already existed for 47 years. During this period we have seen various mad and half-mad men. We have never been afraid nor are we afraid of threats. We cannot be indifferent, however, toward threats."

Gomulka also attacked Goldwater. He said it was doubtful the Republican candidate would be elected, "but the very fact a man of his caliber has been nominated illustrates by itself the danger threatening peace in the world on the part of aggressive imperialist circles in the United States and their West German allies, who demand nuclear weapons."

U.S. Ambassador John Moore Cabot walked out after Gomulka declared that the United States and West Germany have "a common platform of militant anti-communism and of pushing the world to the brink of war."

British Ambassador Sir George Lisle Clutton, the dean of the Warsaw diplomatic corps, left after Gomulka finished. The British sources said he considered the speech rough and distasteful.

Falls Seven Floors From an Apartment

KANSAS CITY (AP)—A boy fell seven floors to his death from a window in an apartment at 2011 East 10th St. Tuesday night.

Dead is Howard Turner, 13, son of Mrs. Dorothy Turner.

Mrs. Turner said she left the apartment, and returned later to find a screen pushed out and her son lying on the ground below.

The Weather

Partly cloudy and continued warm through Thursday with scattered thunderstorms. Low tonight 70 to 75. High Thursday in the mid or upper 90s.

The temperature Wednesday was 78 at 7 a.m., and 93 at noon. Low Tuesday night, 74.

The temperature one year ago today was high 93; low 68; two years ago, high 90; low 68; three years ago, high 85; low 68.

Lake of Ozark stage: 58.0 feet; 2.0 below full reservoir; down .1.

Bush, Hearnese In Accord On Radio Debate

By THE ASSOCIATED PRESS

Lt. Gov. Hilary Bush and Warren E. Hearnese, secretary of state, agreed more than they disagreed in a 45-minute political debate over St. Louis radio station KMOX Tuesday.

The two candidates for the Democratic nomination for governor said they would not increase taxes if elected, and that there was an urgent need for increased industry throughout the state, both in urban and rural areas.

In fact, they split more sharply on campaign tactics than they did on issues.

Bush criticized Hearnese for promising new state facilities to various cities he had campaigned in. His opponent's promises, Bush said, would add up to more than the state could afford without a tax increase.

Hearnese, in turn, charged that Bush and his campaign staff have used two sets of figures on what Hearnese improvement program would cost. And both sets of Bush figures are inaccurate, Hearnese said.

"There will be no tax increase," Hearnese said, "because I believe we can do what my program calls for within the present tax structure. Rising population and the three-cent sales tax should bring in from \$60 million to \$70 million in the next two years."

Bush said, "taxes don't need to go up if we can bring new industry and business into the state. We must base our program on a progressive Missouri. If we increase industry, if people work at higher salaries, this will provide tax money needed."

Also in St. Louis, Ethan Shepley chartered a bus with a public address system, two-way radio communications, a lounge and a study area for use in his campaign for the Republican nomination for governor.

On long trips the bus will provide room for Shepley's staff, newsmen and members of his volunteer women campaigners.

Venezuela Asks Strong Action Against Regime

WASHINGTON (AP)—Foreign Minister Ignacio Iribarren Borges of Venezuela presented today to the foreign ministers of the American republics his country's appeal for strong action against the Communist regime in Cuba.

Venezuela contends that guerrilla, terrorist and espionage agents of the Fidel Castro regime have carried out numerous acts of aggression against the government of Venezuela.

Venezuela's accusations were upheld by an investigating committee of the Organization of American States.

Iribarren told the conference that despite all inter-American treaties and other agreements "nothing will have been achieved if this meeting of the Hemisphere's organ of consultation (the foreign ministers conference) does not decide to apply a collective rupture of diplomatic and consular regulations with the government of Cuba and the interruption of all commercial and communication with that country."

Brazil presented a resolution "energetically" condemning Cuban political intervention in Venezuela but not asking for sanctions.

Dean Rusk, U.S. secretary of state, was to address an afternoon session.

In connection with the meeting, some 5,000 Cuban exiles came here and started a march Tuesday as a demonstration in favor of action against Castro. Some of them got into a clash with police.

More than 400 metropolitan and park policemen, some on horseback and motorcycles, helped quell the disturbance which broke out when some of the marchers insisted on leaving the parade route to head to Pan American Union Building where the foreign ministers are meeting.

Two Cubans and a park policeman received hospital treatment and about 45 other Cubans were treated for cuts, bruises, exhaustion and heat prostration. Three men and one woman, arrested on disorderly conduct (Please turn to Page 4, Col. 6)

It suggested that the FBI agents might investigate the source of money for some street rallies and for some of the "very inflammatory anti-American and seditious statements."

Wagner said he would look into the report of Communist influence. He said he did not believe federal troops or the National Guard would be needed to preserve order.

Police reported a number of the burglaries in Harlem, the big Negro neighborhood in Manhattan. A few shots were fired by police to disperse unruly gatherings. But there were no large crowds, demonstrations or anything like the weekend rioting in which one man was killed and more than 100 injured.

Poverty Bill Expected Out In Two Days

WASHINGTON (AP)—Democratic Leader Mike Mansfield, D-Mont., said today he hopes to push President Johnson's \$962.5-million anti-poverty bill through the Senate in the next two days.

Despite announced opposition of Sen. Barry M. Goldwater, R-Ariz., the GOP presidential nominee, and some Southern Democrats, Mansfield said he was confident of Senate approval.

"We'll probably meet until 7 or 8 o'clock tonight and come in early tomorrow," the Senate leader said. "We also must meet Saturdays from now on to keep up with legislation."

A companion bill is before the House Rules Committee.

Administration leaders were confident the committee would clear the bill for action by the House, but several days of hearings were in prospect. Once the bill reaches the House floor, it will face stiff GOP opposition.

Among other things, the Senate bill would establish a job corps to help unemployed youths obtain new skills and work experience, finance most of the cost of community programs in such fields as health, welfare and vocational rehabilitation, set up a new Volunteers for America Corps to help operate various projects, provide loans and grants to low-income rural families, and assist migrant farm families.

Goldwater criticized the bill Tuesday as "an attempt to reap political rewards from the American people's natural and humane desire to improve the lot of our less fortunate citizens."

Bird's Eye View of Capital

NEW AERIAL VIEW OF CAPITOL—Shown in the aerial view of the Missouri Capitol in Jefferson City for the first time is the state's new circular parking facility. Built at a cost of \$690,000, it has room for 286 cars. It was dedicated last month by Gov. John M. Dalton. (AP Photo)

Ann Landers

Answers Your Problems

Dear Ann Landers: Your column covers an enormous range, but somehow you rarely publish letters from working wives of college students. Why? I can't believe they don't write. I know very well they have problems.

I no longer have a problem, Ann. I've got a heartache. After one year of college I married a boy who was bright and promising. He had a scholarship, but it wasn't enough for us to live on, so I quit school and went to work to put him through. He did four years in three, made Junior Phi Beta Kappa—went on to get his masters, and then a Ph. D.

For six years I worked eight hours a day as a receptionist and then I went home to wash, iron, cook, mend and scrub. Often I was up until 2:00 a.m. typing his papers and doing his research.

He's doing brilliantly in his profession now but I don't seem to fit into his life anywhere. I'm out of my depth with his intellectual friends. We don't speak the same language.

If you girls want to work to put your husbands through school, my advice is make sure you stay in school, too. Instead of working eight a day—work four hours a day and let the

genius work four. While HE is growing and developing intellectually, make sure you are doing the same. I didn't and I'm—SORRY.

Dear Sorry: Instead of just being "Sorry" why not convert some of that self pity into positive action? Go back to school, stop feeling inferior and get into the ball game.

Dear Ann Landers: My wife and I have been married for 12 years and I can truthfully say appreciate each other. Her mother, who lives in Topeka, was operated on for a malignancy two months ago. The surgeon told us immediately after the operation that her mother will probably not live more than two months.

My wife is an only child and decided she must stay at her mother's side until the end. We have no children and I agreed to cooperate and get along as best I can.

Now I regret my gesture. I have to take my laundry to the corner and I eat out every night. I hate being by myself. I know my wife is not having a picnic out there, but I'm alone any way you look at it.

I feel a lot better after I put my bitter thoughts down on

Hearing Sept. 1 On Bias Complaint

KANSAS CITY, Kan. (AP)—A public hearing is set for Sept. 1 on a state complaint that the Kansas City, Kan. Board of Education has violated the state law forbidding discrimination.

The board issued a statement denying the charges, brought against it by state Atty. Gen. William Ferguson.

The attorney general said the board refused to hire Negro applicants as teachers in schools attended largely by white children. The board also is accused of sanctioning separate teachers associations for Negroes and white teachers in city elementary schools.

Social Calendar

(Social Calendar items accepted until 9 a.m. day before meeting. Published three days when received sufficiently in advance. No notices published date meeting is to be held.)

THURSDAY

Philathea Class, East Sedalia Baptist Church, will have its annual picnic at noon in the church basement.

Sedalia Duplicate Bridge Club will meet at 7:30 p.m. in the Walnut Room, Hotel Bothwell.

FRIDAY

Violet Camp 607 RNA meets at 2 p.m. at 201 South Lamine.

paper. Don't you feel I'm entitled to blow my top and that she should be able to take it? Should I write to her and express my true feelings and consider it "therapy" for me?—SOLO.

Dear Solo: By all means, write. Get it out of your system. The meaner the letters, the better. But please mail them to ME—not to her.

Dear Ann Landers: I'm a college junior working my way through school selling shoes. I'm not exactly a Paul Newman but I wouldn't scare any little children, either.

The problem is I'm shy around chicks. It fractures me the way the fellows here get dates with no effort. They say exactly the right thing, and it works like a charm.

A certain girl (I will call her Miss 5 Double A) comes in almost every Saturday. She is always carrying some good books—the ones I've been wanting to read—so I know we would have a lot in common.

How can I get to know her better without appearing to be fresh? If you can come up with a good opener I'd be grateful.—CANAL BOAT EDDY.

Dear Eddy: Next time "Miss 5 Double A" comes in tell her you are writing a telephone book and would like to include her number.

Mr. and Mrs. W. H. Sperber Hold Anniversary Observance

Mr. and Mrs. W. H. Sperber (1914)

Mr. and Mrs. W. H. Sperber (1964)

Mr. and Mrs. W. H. Sperber, 1224 Liberty Park Boulevard, observed their golden wedding anniversary Sunday, June 28 at their home.

The couple was married in California June 24, 1914. The Sperbers' married life has been lived in the Sedalia area.

A reception was held from 3 until 5 p.m. The reception was given in their honor by their four children, Mrs. Charles Kershaw, Brawley, Calif.; Mrs. Leon Welbern, Windsor; Herman Sperber, Holtville, Calif., and John L. Sperber, Sedalia.

Miss Linda Sperber, a granddaughter of the couple, attended the guest book. Miss Joanne Kershaw, Debbie Welbern and Jeanne Kershaw, also granddaughters, assisted at the reception. They wore corsages of yellow roses with their dresses.

The table was covered with a lace cloth. The centerpiece was a double tiered wedding cake decorated with yellow roses and surmounted with golden bells.

Lighted candles and yellow chrysanthemums completed the centerpiece.

Cake, punch, nuts and mints were served. Mrs. Charles Kershaw served punch, assisted by Stella Welbern, Dora Sperber and Margaret Sperber.

The living room and dining room displayed flowers and gifts.

Mrs. Sperber's gown was blue and yellow. She wore a corsage of yellow chrysanthemums.

There were approximately 150 relatives and friends in attendance.

Native Acts Unfold At Big Jamboree

VALLEY FORGE, Pa. (AP)—"We didn't mean to do a rain dance," Hidesaburo Kurushima, a Boy Scout from Tokyo, Japan, said as thundershowers soaked some 52,000 boys watching a world talent show at the sixth National Boy Scout Jamboree.

Kurushima and 17 other Japanese scouts dressed in shoe-length kimonos danced and bowed on the 350-foot grass stage at historic Valley Forge as the rains came down.

"Don't worry," Karl-Sunnar Fridman, of Stockholm, Sweden, interjected, "we like it."

The nine scouts he brought put on a life-saving demonstration.

A Canadian troop attending the show, put on by 758 scouts from 42 foreign countries, sat

almost unmoving in the big open air arena and let the rain soak their clothes late Tuesday.

"Why should we move and run for cover?" asked Tom Thompson of Cobourg, Ontario. "We were waiting for this for six days."

It was a real international gathering—a "jolly good show," said one of England's 19 scouts.

Boys of all nations, of all races, of all religions, of all shapes mixed—and swapped, particularly, handshakes. They spoke of friendships, not politics.

Two scouts from Jordan sang a song, and two boys from Israel listened and applauded. Taly Silber, 17, Jerusalem, then sang, too.

There was a babble of strange

sounds as scouts across the world sought to find the words each could understand.

The talent wasn't professional, but the thousands who sat and cheered and yelled liked it well.

Annual Barbecue At Sweet Springs Sunday

The annual chicken barbecue sponsored by the Sweet Springs Community Hospital Booster Club will be held Sunday, July 26, at the Sweet Springs Park, from 11 a.m. to 7 p.m.

The Community Hospital administrator is Jack Tindle, former Sedalian, and proceeds will be used for new equipment and improvement of the hospital.

World News Glimpses

LONDON (AP)—Britain is withdrawing some of the 2,000 troops it sent to Aden last May to stamp out tribal uprisings threatening the Federation of South Arabia.

The Defense Ministry announced Tuesday night that British forces had reached their immediate objectives in the cluster of sheikhdoms encircling Aden. The ministry said the First Battalion of the King's Own Scottish Borderers would return to Britain by August.

Britain began bolstering its Aden garrison May 1 when the South Arabian government asked for help against the tribesmen, charging that they were being aided by the Yemen republican regime and the United Arab Republic.

RANGOON, Burma (AP)—Burma's feuding Communist rebel factions have agreed to form an alliance in the face of heavy mauling by government troops, reports reaching Rangoon said today.

Elements of the Karen rebels, one of the five major insurrectionist groups in Burma, already have aligned themselves with the Communists.

Press reports said the Red Flag, or Trotskyite Communists, and the White Flag, or Peking-leaning Communists, made a deal that would unite their combined guerrilla following of 3,000.

ALICANTE, Spain (AP)—Five fishermen who were saved from the sea after floating in lifebelts for 17 hours said they accidentally sank their fishing vessel.

When motor trouble developed at sea, they fired a distress rocket. The rocket misfired and tore a hole in the side of the boat. The five were picked up by other fishing vessels.

ROME (AP)—Italy's long series of newspaper strikes ended Tuesday night with the signing of a new two-year contract for non-editorial workers.

The contract provides a general 12 per cent wage boost over the next two years. Agreement came two days after the end of a walkout that closed most Italian papers for four days.

Swimming Party Held By Bunceton 4-H'ers

Bunceton 4-H Club held its annual swimming party July 15 at Tipton swimming pool. Fifty persons attended.

Marianne Cole was elected queen contestant for Youth Fair. After swimming, the group returned to Bunceton Park for a wiener roast.

A short business meeting was held. Announcements were made about the Youth Fair, Achievement Day and ticket sales.

Hostesses were Mrs. Wilbur Toellner, Mrs. Erving Toellner and Mrs. Bert McCoy.

Versailles Couple Earns Recognition

Orland and Nora White, representatives of Versailles United Farm Agency, were given special recognition by their company in June for outstanding salesmanship in competition with more than 360 local representatives from coast to coast.

The Whites placed in the top 20 per cent in the contest. They have represented United Farm Agency at Versailles since October, 1957.

Rotarians Hear Report Monday On Convention

Omer West, Jr., Sedalia Rotary Club president, gave an interesting report of the program of the Rotary International Convention held last month in Toronto, Canada, before the regular meeting of the club Monday noon at Hotel Bothwell.

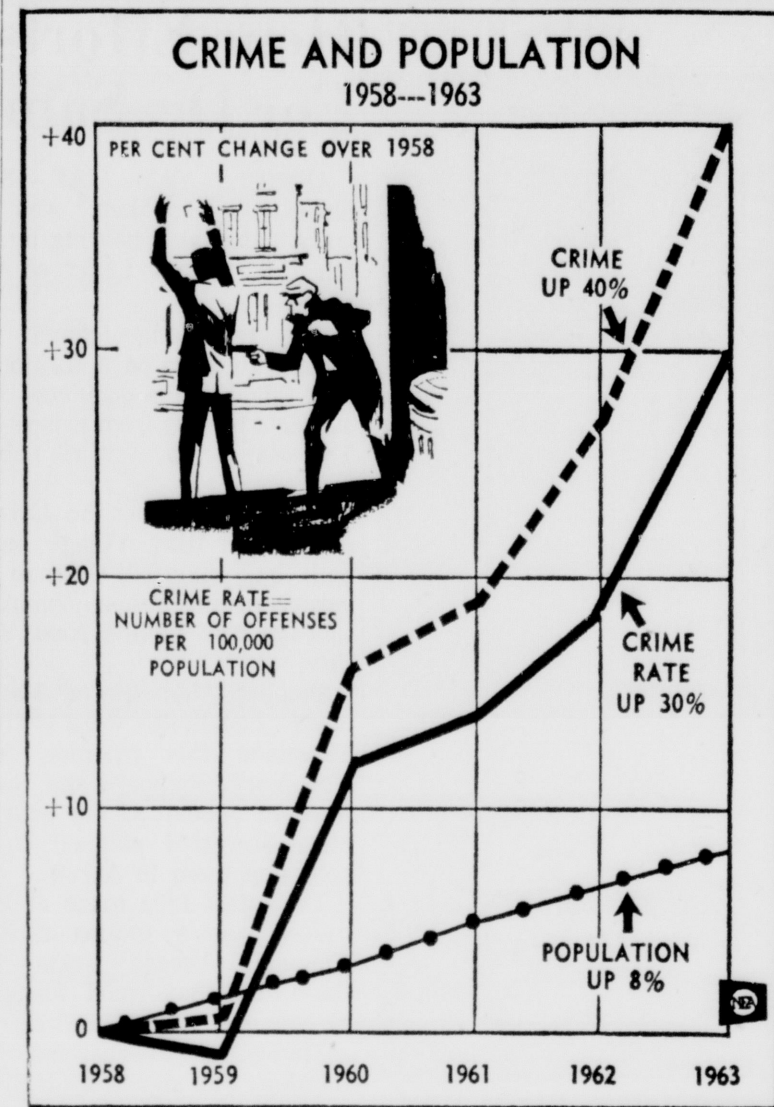

According to West, 14,661 Rotarians were registered for the convention. These delegates represented 11,800 clubs from 72 countries. He stated he was impressed by the hospitality and friendliness of Toronto citizens.

Slides of convention scenes and beauty spots in and around Toronto were shown. A recording of the message by Charles W. Pettengill, Greenwich, Conn., new president of Rotary International, calling for the cooperation of all Rotarians for the furtherance of Rotary goals and ideals was heard, as was a recorded statement from the late founder of Rotary, Paul Harris, who asked for Rotarians everywhere to unite to help bring about better friendship, permanent peace and goodwill among all men of all countries through better international understanding.

The meeting was opened with invocation by Lawrence Brown. The speaker was presented by Mike O'Connor, July program chairman.

Guests introduced by P. E. Milster were: Ellis Rainey, Rotarian from Lebanon, Mo.; Harry Kull, Jr., president of the East Lansing, Mich., Rotary Club and a guest for the meeting.

Day Curfew Quietens Singapore

SINGAPORE (AP)—A daytime curfew enforced by more than 6,000 troops and police restored quiet today to Singapore Island after racial riots between Malays and Chinese in which 8 persons were killed and 341 injured.

Acting Prime Minister Tun Abdul Razak, who flew here from Kuala Lumpur, the Malaysian capital, announced the official toll from Tuesday night's violence at a news conference. He said 157 persons had been arrested on various charges.

Razak said the curfew would remain in effect until further notice. It will be lifted for three and a half hours Thursday morning to give residents a chance to buy food and other necessities.

Singapore's streets were deserted except for patrols of soldiers and riot police. Security forces with fixed bayonets had pushed everyone off the streets who tried to ignore the daytime curfew.

During Tuesday night's fighting rioters attacked a U.S. consulate car in which Charles J. Rogers of Santa Cruz, Calif., a diplomatic courier, was riding with a Malay driver.

Rogers said the mob, which he believed was composed mainly of Chinese, smashed the car's windows and headlights with clubs and bottles. The Malay driver was cut by flying glass.

Civil

(Continued from Page One) amount provides only an agency on paper, Bader charges.

"Here's the thing," he said today, "all we're going to do now is the paper work. There will be no emergency operations center, no warning sirens. There'll be nobody to operate them."

Under the terms of the joint council and county agreement, Director Russell R. Conn, Jr. is being paid \$100 per month salary plus a 10 cent per mile mileage allowance up to a maximum of \$40 monthly. The agency's secretary receives \$100 per month working on a part-time basis. On the basis of maximum expenditure for mileage, the agency's salary costs total \$2,880.

Bader said he felt Councilman Griffin "was in error" in not including more than \$1,200 in the city budget.

Bader told the council Monday night that CD officials in Jefferson City were still unaware of the action taken at the June 6 joint meeting.

Presiding Judge of the County Court C. Berry Elliott, however, took sharp exception today to Bader's statement.

Elliott produced copies of two letters, one a letter signed by himself and Mayor Studer and the other from Director Conn, both of which were addressed to Col. Frank Skelly, state CD director in Jefferson City.

The letter signed by Elliott and Studer was dated June 8 and informed Skelly of the action taken at the June 6 joint meeting, pointed out the 8-2 vote for a part-time operation, informed Skelly of Conn's appointment and noted that on the part-time basis no matching funds would be expected.

Conn's letter dated July 6 to Col. Skelly also spoke of the action at the joint meeting.

"Since this has all come up there has been some question about these warning sirens," Judge Elliott said. "As I recall those sirens were bought by donations from the city, individuals and businessmen, and still belong to the city. They are hooked up with the police and can still be operated regardless of whether or not there is a Civil Defense agency."

Councilman Bader reported he knows of several civic groups who want to express opinions for Civil Defense at the Aug. 3 meeting.

Reservations and settlements of about one-half dozen Indian tribes lie within 30 miles of Phoenix, Ariz.

OBITUARIES

Victoria Dillon Rush (Sedalia)

Mrs. Victoria Dillon Rush, Sedalia, died at the home of her daughter, Mrs. Irma Hogan, Sedalia, Wednesday morning, following a lingering illness.

She was born near Clifton City, Jan. 11, 1866, the daughter of the late Calet and Elizabeth Murphy Wright.

In 1907 she was married to Mr. Abram Dillon, Sedalia, and moved to Sedalia to live. To this union one daughter was born. Mr. Dillon preceded her in death in 1923.

In 1925 she married the Rev. Richard Rush, who also preceded her in death in 1934.

She was a member of the Taylor Chapel Methodist Church, Queen City Chapter No. 47, OES and a charter member of the Yates Art and Charity Club and the East Side Neighborhood Club, both in Sedalia.

She is survived by her daughter, Mrs. Irma Hogan, Sedalia; and a foster grandson, Aubrey A. Chism, Montgomery, Ala.

The body is at the Alexander Funeral Home. Funeral arrangements are incomplete pending the arrival of the grandson from Alabama.

Mrs. Clara Bowers (Independence)

Mrs. Clara Bowers, 83, Independence, died at her home Monday. She was born in St. Louis, and lived for sometime in Stover before moving to Independence.

Survivors include three daughters: Mrs. Geraldine Avis of the home, Mrs. Nadine McEntire, both of Independence; two sons: Mancel and Lionel Bowers, Independence; a sister, Miss Sena Bauer, St. Louis, 14 grandchildren and 23 great grandchildren.

Funeral services will be held at 2:30 p.m. Friday at the Scriven-Stevenson Funeral Home in Stover. Burial will be in the Stover Cemetery.

Funeral Services

John R. Card

Funeral services will be held at 2 p.m. Thursday at the Gillespie Funeral Home for John R. Card, 69, Route 3, who died at Bothwell Hospital Tuesday morning. The Rev. Eugene Winkler, pastor of the Dresden Methodist Church, will officiate.

Larry Owen will sing "Beyond the Sunset" and "In the Garden" accompanied at the organ by Mrs. C. C. Delozier.

Pallbearers will be George Tally, Ducard Edwards, Harry Wimer, John Earl Farris, Elmer Rhine and Charley Fichter.

Burial will be in the Memorial Park Cemetery.

The body is at the Gillespie Funeral Home.

Richard Edmondson

Funeral services for Richard Walton Edmondson, 88, Windsor, who died at the Windsor Hospital early Tuesday, will be held at 2 p.m. Thursday at the Gouge Funeral Home in Windsor. The Rev. David Hicks will officiate.

Burial will be in Laurel Oak Cemetery.

The body is at the Gouge Funeral Home, Windsor.

Mrs. Altha Payne

Funeral services were held at 1:30 p.m. Wednesday at the London Heights Baptist Church, Kansas City, Kan., for Mrs. Altha Payne, Kansas City, Kan., who died at the Providence Hospital in Kansas City, Kan., early Monday.

Burial will be in the Chapel Hill Cemetery in Kansas City, Kansas.

Mrs. Camille Smith

Funeral services for Mrs. Camille J. Smith, 513 West Jefferson, who died late Saturday were held at 2 p.m. Wednesday at the Quinn Chapel A.M.E. Church. The Rev. W. H. Hickman officiated.

Burial was in Crown Hill Cemetery.

Funeral arrangements were under the direction of the Allen and Sons Funeral Chapel.

Commandos Behind Lines In Viet Nam

SAIGON, Viet Nam (AP)—South Vietnamese Air Force planes are dropping sabotage teams over Communist North Viet Nam and are training to extend their combat operations, the air force commander said today.

Air Commodore Nguyen Cao Ky told reporters at Bien Hoa airfield that Russian-made jets were attempting interception of the flights. He reported the North Vietnamese "have radar and very good antiaircraft."

Ky said he has personally piloted a plane over North Viet Nam and that the raids continue.

"We keep very low and they can't hit us," he said.

The remarks were the first official statement that military operations are being conducted by the Saigon government directly against North Viet Nam.

The Communist Radio Hanoi repeatedly has broadcast announcements of trials of "spy commandos" captured in North Viet Nam. The latest trial reported was in April.

A U.S. advisor at the airport said, "Remember, to a lot of these young guys, North Viet Nam isn't another country. The border doesn't mean anything to them. It's more like northern Viet Nam."

A dapper, mustachioed officer in his mid-30s, Ky advocated immediate bombing of North Viet Nam.

Coincidentally with Ky's remarks, the flagship of the U.S. 7th Fleet, the cruiser, Oklahoma City, was on a goodwill visit to Saigon.

Ky told his airfield news conference he felt that Red China probably would move into the fight if North Viet Nam was bombed, but that South Viet Nam should go ahead anyway to combat Hanoi's work in support of the Viet Cong guerrillas.

Michigan Osteopath To National Office

CHICAGO (AP)—Dr. Campbell A. Ward of Mount Clemens, Mich., was elected president of the American Osteopathic Association meeting in Chicago Tuesday.

Dr. Ward succeeds Dr. Wallace M. Pearson of Kirksville, Mo.

Two

(Continued from Page One) He said he hopes Goldwater will do something to enable him to support the national ticket.

Keating said he hasn't decided if he will seek re-election this year, but if he does it will be as an independent Republican.

Rockefeller has said he would support the GOP ticket. But he sharply criticized the statement on extremism Goldwater made in his speech accepting the presidential nomination. Since then Rockefeller has made no further statement.

One prominent New York Republican, State Senate Majority Leader Walter J. Mahoney, said he expected that "all Republicans will be able to support the Goldwater-Miller ticket as the campaign unfolds."

Other Republicans said they are holding off support of Goldwater. They included Gov. John H. Reed of Maine, Rep. Silvio O. Conte of Massachusetts, State Senate Majority Leader William E. Ozzard of New Jersey, Sen. J. Glenn Beall of Maryland, Mayor Theodore R. McKeldin of Baltimore, a former governor, and Rep. James G. Fulton of Pennsylvania.

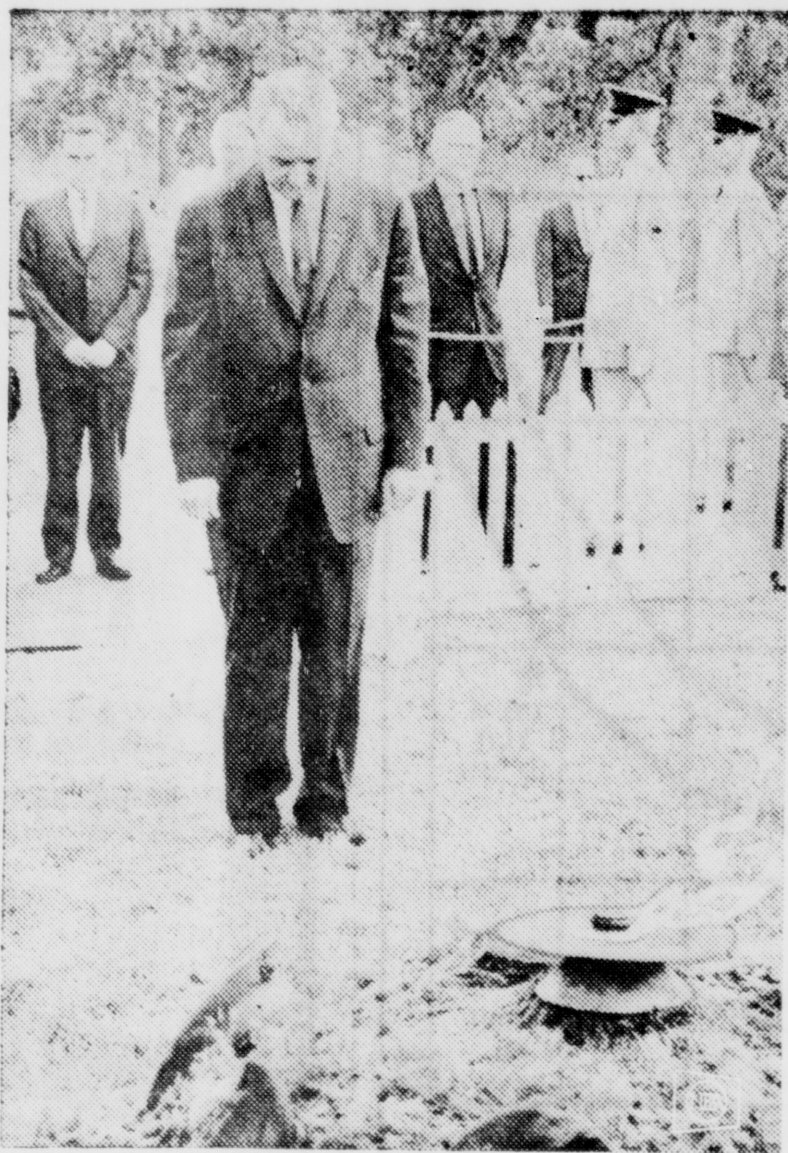

Fulton said he felt more akin to President Johnson than to Goldwater but might write in a vote for Scranton.

Sen. Clifford P. Case of New Jersey said his mail is 20-1 in favor of his decision not to support Goldwater unless the Arizona modifies his views.

McKeldin said he understood new voter registrations in Baltimore are 10-1 Democratic, while the normal ratio is 3-1.

In Harvey, Ill., the Rev. Wilbur N. Daniel, Negro candidate for Congress on Chicago's South Side, said he would not support Goldwater.

In Seattle, Lou Kessler, former chief parole and probation officer for the state of Washington, filed as a candidate for governor opposing two GOP candidates he said had tied themselves to Goldwater's coattails.

POIGNANT MEMORY — President Lyndon Johnson stands with head bowed during his visit to the grave of the late President John F. Kennedy in Arlington National Cemetery. Johnson called at the grave after taking part in a Pentagon ceremony. (NEA Telephoto)

Magistrate Court

Orlean Gene Priesmeyer, 19, 818 North Grand, was charged Tuesday afternoon with statutory rape on a state warrant filed in Magistrate Court by Prosecuting Attorney J. R. Fritz.

Sedalia police had arrested Priesmeyer Tuesday morning and held him for investigation of contributing to the delinquency of a minor. He was turned over to Sheriff Emmett Fairfax later in the day.

Fairfax said the youth was charged in an incident involving a 13-year-old girl.

Priesmeyer was arraigned in Magistrate Court Wednesday morning before Judge Frank Armstrong and his preliminary hearing was set for Aug. 13. He was released on a \$3,000 property bond signed by relatives.

Area Fires

Quick action by the Pettis County Fire Department kept a burning brush and trash fire from doing any damage at 2:30 p.m. Tuesday at the Martin Singleton residence, Route 1, on South Highway 65. The fire reportedly started from the burning of an old tree and required one booster line to extinguish.

Accidents

Two vehicles were involved in a collision in front of 1801 West 11th at 4:30 p.m. Tuesday. Minor damage was done to both vehicles.

Involved were a parked 1964 Buick, owned by Erma Ann McClure, 1319 South Murray, and a 1964 Ford panel truck, driven by Carole Kay Anderson, 21, 1817 South Carr.

Alfred Rowlette, 1823 South Osage, reported to police Tuesday at 8:30 p.m. that his 1956 Chevrolet had been hit by an unidentified vehicle. The car was parked in a private parking lot located in the 1400 block of South Limit. Damaged was the right rear fender and bumper of the Rowlette car. Police are continuing the investigation.

A car and a truck were involved in a minor mishap in the 3200 block of East 12th (east highway 50) at 9:42 a.m. Wednesday.

Police reported a 1963 Ford 1 1/2 ton truck, being driven east by Willard E. Vaughn, 28, Jefferson City, was preparing to make a left turn, missed the driveway, stopped the truck and backed up a short distance. The truck backed into an eastbound 1964 Plymouth, driven by Leroy Hugo Joehneck, 43, Kansas City.

Damage was listed to the front of the Joehneck auto, but none to the truck.

Police Reports

A folding type billfold containing about \$20 was reported lost to police Tuesday. The billfold also contained important papers and is the property of Donald J. Ressel, 703 West Third.

A newspaper rack for a metropolitan paper was stolen overnight Tuesday from the Public Food Barn, Seventh and Engineer, it was reported to police. The rack contained \$4 to \$5 in change.

Police Court

Ralph Zimmerschied, 1324 E. Fourth, charged with failure to purchase a city auto sticker, forfeited a \$10 bond.

Joy Chamness, 1911 South Harrison, charged with failure to pay two overtime parking summonses, forfeited a \$7 bond.

Carl W. Bell, Route 1, charged with failure to pay six overtime parking summonses, forfeited an \$11 bond.

F. E. Colbert, 1001 Arlington, charged with failure to pay one overtime parking summons, forfeited a \$6 bond.

Robert L. Curtis, 307 North Grand, charged with making a loud and unnecessary noise with a motor vehicle and failure to purchase a city auto sticker, forfeited a total bond of \$20.

The case of Curtis Coy, Jefferson City, charged with destruction of property by permitting truck to run on lawn at 1113 West Main on complaint,

Three Judges Hear Efforts For Dr. Sam

AKRON, Ohio (AP)—Sam Sheppard's freedom was at stake today at a hearing by the 6th U.S. Circuit Court of Appeals.

The three-judge panel will hear arguments on a stay order that followed the convicted wife slayer's release from prison last Thursday on a writ of habeas corpus.

Since his release, the 40-year-old former Bay Village osteopath has married German divorcee Ariane Tebbenjohanns in Chicago and visited New York City.

Sheppard, his wife, and attorney F. Lee Bailey were to fly to Cleveland this morning from New York. Sheppard and Bailey were to appear at the hearing. Mrs. Sheppard planned to accompany them to Akron.

The latest in a maze of legal moves was a motion filed in Cincinnati Tuesday asking that the order that freed Sheppard be set aside.

The order to cut short his freedom was signed by U.S. Appeals Court Judge Lester L. Cecil of Dayton. Paul C. Weick of Akron and Clifford O'Sullivan of Port Huron, Mich., will join Judge Cecil for today's hearing.

The stay order would cancel Sheppard's \$10,000 bond set by U.S. District Court Judge Carl A. Weinman of Dayton. In setting aside Sheppard's conviction, Judge Weinman said Sheppard's rights to a fair trial had been violated because of adverse publicity.

Sheppard spent nearly nine years in prison for the July 4, 1954 bludgeoning slaying of his pregnant wife, Marilyn. He claimed a "bushy haired intruder" did the killing. Sheppard was sentenced to a life term for second-degree murder.

The motion filed in Cincinnati was by Cuyahoga County prosecutor John T. Corrigan. Judge Weinman had given him 60 days to call for a new trial for Sheppard.

Cuban

(Continued from Page One) charges, were released after posting collateral.

In Miami, organizers of the march charged that "Castro people" infiltrated their ranks and were responsible for the trouble.

The parade had been organized to march from the Washington Monument to the Lincoln Memorial and back to support the cause of sanctions against Cuba. Some insisted on going on toward the meeting site.

Mounted policemen rode slowly into the crowd, forcing those in front back against others following. Many fell to the ground in the crush.

Aided by leaders of the march, police soon restored order and the crowds melted away.

Most of the demonstrators had appeared in a happy mood as they carried signs "Cuba si, Russia no," and "We save Cuba or we lose America." They had gathered here from Miami, New York, Baltimore and other East Coast cities as well as from Chicago.

Venezuela is pressing the Organizer of American States for complete sanctions against Cuba under the 1947 Inter-American Treaty. An OAS investigating committee has supported Venezuela's charge that Castro agents planted a three-ton cache of arms in Venezuela to supply pro-Communist guerrillas.

of George A. Hull, was withdrawn by City Attorney John C. McCloskey. The city attorney indicated such a damage claim should be resolved in a civil court action.

Robert Hunt, 1809 South Osage, charged with careless and imprudent driving, pleaded innocent and after a hearing was found innocent.

Circuit Court

Arnold Dick Eckhoff filed a petition for divorce against Virginia Eckhoff in Circuit Court Tuesday. William F. Brown is his attorney.

A jury trial to settle a civil damage claim evolving from an automobile accident opened Wednesday morning in Circuit Court. Mildred E. Courter is the plaintiff in the action and seeks damages against Elizabeth M. Bronson.

Serving on the jury are: Emmett Renfrow, Wilford Ackert, George M. Lockett, A. C. Runge, Arthur Mahin, Wallace Cordes, Leslie Powell, N. A. Lane, Glen Karriek, Mrs. Jack Alfrey, Elmer Wintrey and Floyd Stevenson.

Barbara J. President, a minor acting through her next friend, filed a petition in Circuit Court Wednesday seeking a divorce from Albert Benjamin President. Hazel Palmer is her attorney.

15 Selections By Concert Band For Thursday

The Sedalia Concert Band has selected 15 outstanding numbers to be presented at the ninth concert of the season. The concert will be presented at the recreation platform in Liberty Park beginning at 8 p.m. Thursday.

Prior to the intermission the band will play "Reeds In Front" by Walters; "Stand By March," Castellucci; "Oklahoma," Rodgers-Hammerstein; "Melody of Love," Glazier - Englemann; "Oh! You Beautiful Doll," Ayer-King; "The Sunshine of Your Smile," Ray; "Song Of Love," from "Blossom Time," Romberg; and "On The Street March," Connell.

After the intermission the band will play, "Under the Big Top," Coats; "My Heart At Thy Sweet Voice," Saint - Saens; "I Love To Tell The Story," Fischer; "Mid-West Gloria March," Edwards; "Ciribiribin," Festa-loeza; and "Men of Music," King-Walters. The concert will end with the playing of the "Star Spangled Banner."

Musicians for the concert series are furnished through a grant from the Recording Industry Trust Fund, arranged for through cooperation of Local 22, American Federation of Musicians, in cooperation with the Sedalia Park Board.

No

(Continued from Page One)

than thirty gallons. All containers shall be maintained by the user in a good and sanitary condition and the contents thereof shall be kept in such condition that it can at all times be readily and fully removed by the city. Papers and sticks may be tied in bundles to weigh not more than 25 pounds. All garbage and other refuse shall be placed in such containers. It shall be unlawful for any person to deposit in a container any material other than as defined by this ordinance. If any container contains any such other material, or refuse and garbage of a weight in excess of 25 pounds be placed in a container, the city shall not be obligated to remove the contents of such container.

SECTION 3. Use of Receptacles of Others. It shall be unlawful for any person responsible for the disposal of garbage and refuse, using or occupying any residential unit, to utilize the garbage containers or receptacles of any other person for the disposal of his own refuse or garbage for the purpose of avoiding payment of the fees levied by this ordinance.

SECTION 4. Service Not Compulsory. This ordinance shall not be construed to require any person to utilize the services of the city in the collection of garbage and refuse, but any person not utilizing such services, shall promptly dispose of the garbage and refuse for which disposition he is responsible and not permit his premises to become in an unsanitary condition because of such garbage and refuse.

SECTION 5. Dumping of Garbage Prohibited. It shall be unlawful for any person, firm or corporation to dispose of any refuse by depositing or dumping the same in any public street, alley, roadway, or vacant lot, or upon the property of another within the city.

SECTION 6. The Charges. The following charges shall be made by the city for the collection of residential garbage and refuse in the city limits:

Residences: \$ — per month per family unit.

Duplexes: \$ — per month per family unit.

Apartments: \$ — per month per family unit.

SECTION 7. Billing and Collection. The service charges herein provided shall be billed and collected monthly by the city water department. The charge shall be placed on the regular water service statement of the department rendered to the user of the city garbage and refuse collection service. Where the person using the garbage and refuse collection service has no water account with the city water department, then the billing for the refuse collection service shall be rendered by the water department to the person, firm or corporation receiving such service. All payments shall be made to the city water department at its office. All receipts shall be paid to the City Collector monthly by the water department, after deduction of all expenses of billing and collection.

SECTION 8. Non-payment of Service Charges. For failure to pay the service charge within 20 days from the due date, garbage and refuse collection service of the delinquent user shall be discontinued until such charge, with the penalty for late payment, has been made in full. All bills shall be subject to a penalty amounting to ten percent of the amount of the garbage and refuse collection bill which shall be added to any bill,

'Idle Talk' Hampers Bid For Industry

Verbal reports to the effect Sedalia does not want industry resulted in a discussion at the Chamber of Commerce board meeting Tuesday afternoon. Such talk is hurting Sedalia's chances of getting industry, board members pointed out.

Carl Yates, Jr., second vice-president, recalled the talk the night of the Chamber of Commerce banquet of Dr. Charles Kimball, president of Midwest Research Institute, and one of the persons most familiar with the situation throughout the country since it is his type of work, stated that in Missouri alone there are 481 local community development organizations actively searching for industry, in addition to utilities, railroads, regional development agencies, federal bureaus and bank development departments all concerned with promoting industrial location in their area of interest. There are simply not that many firms seeking new locations.

Dr. Kimball, Yates went on to say, told of the many other kinds of industries in addition to manufacturers that bring payrolls to communities and these are just as valuable to a town. Salesmen and people who work out of Sedalia can try selling their district or state offices to locate here.

A discussion followed that selling a town is everybody's job and the man in the street, the waitress in the restaurant, the clerks in the stores, the taxi drivers, everyone contacting the public can either bring industry of any kind to Sedalia or keep it away, depending on their attitude, and what they say. This fact had been proven in other communities where an industry was undecided.

Cecil Owen, president, told of the Oilmen's Club that had been in existence in the area for several years. One of the main objectives of the club, he said, is to make the men at the service stations aware of the importance of boosting the town in which they live for they never know who might be an industrial prospect or who might want to locate in the town. These are the people, he went on to say, along with those in restaurants and others serving the public, who are questioned about the town and their replies have more to do with whether those seeking an industrial site come to their town or go some place else.

Sam Boyle, executive manager, stated that the report of the Midwest Research Institute on Sedalia would soon be finished and he felt this would determine what type of industries were best suited locally and how to go about trying to get them to locate here.

Harry Naugel, tourist and convention director said that all hotels and motels were set up for the Missouri State Fair, and they would again need rooms in homes. He went on to say that he had made a bid for the fall meeting of the State Jaycees' board of directors.

Neil Chapman, retail merchants director, spoke briefly of the Sidewalk Bazaar to be Monday, July 27, all day and evening, and of the plans for the October promotion.

Owen exhibited a drawing by a newcomer to Sedalia who felt that there should be a highway sign showing the location of the covered bridge and the promotion of other points of interest in the town.

Ranger 7 Will Carry High Hopes

PASADENA, Calif. (AP)—Ranger 7 will carry more than cameras when it is launched at the moon next week. On it will be riding the hopes and perhaps the future of the men who made it.

After Ranger 6 hit the moon last February but failed for the fourth straight time to return close-up pictures of the lunar surface, scientists at its Jet Propulsion Laboratory birthplace came under severe criticism from the parent U.S. space agency and in Congress.

JPL operations since then have been overhauled and Ranger 7 has been subjected to minutely detailed tests.

Result: JPL chief William Pickering gives it a 50-50 chance, compared with the 1-in-4 chance given Ranger 6.

"We are more confident about Ranger 7—we give it one chance in two—because we have one more shot behind us and some changes have been made to improve the reliability of the craft," Pickering said in an exclusive interview.

"I believe the National Aeronautics and Space Administration is now convinced that this is a complex and difficult job, but that we will be able to get pictures of the moon from at least one of the next three shots."

Whether Ranger 7 succeeds or not, Pickering said, there will be no more launchings this year due to other commitments at the Atlantic range.

"But we fully expect to fly two more Rangers early next year," he said. "Ranger 8 is already assembled and work has begun on Ranger 9."

All day Thursday some 300 scientists and engineers here will go through a full-dress simulation of the flight in the laboratory's new \$14.6-million tracking center, which will control the spacecraft after launch.

Working with them in the 12-hour drill, as they did in a similar rehearsal Monday, will be 500 technicians at tracking stations around the world plus another 100 at Cape Kennedy.

What will happen if, despite all precautions, Ranger 7 fails to send back pictures scientists need to select a site for manned

Senators, Governors To Discuss Luring Contracts to Midwest

LINCOLN, Neb. (AP)—Eighteen U.S. Senators and 10 Governors representing 12 midwest states will meet in Washington Friday to discuss government research contracts and mid-western efforts to land more of them, Gov. Frank Morrison of Nebraska announced Tuesday.

Chairman of the Midwest Governors' Conference, Morrison said it will mark the first time "as far as I know" that Democratic and Republican Senators and Governors will have sat down in a joint conference on economic development.

Sen. Frank Lausche, D-Ohio, made arrangements for U.S. Senatorial participation. Morrison said he and Lausche are "happy at the enthusiasm demonstrated for this meeting."

Governors of Wisconsin, Minnesota, Missouri, Iowa, Ohio, Kansas, Indiana, Michigan, North Dakota and Nebraska will attend, Gov. Morrison reported. Although Governors of Illinois and South Dakota will be absent, their states will have Senators present.

Civic Club Council Elects New Officers

The Sedalia Civic Club Council met in the Ambassador Room of the Hotel Bothwell at noon Friday, July 17.

Keith Yount presided in the absence of the president, Harry Walch.

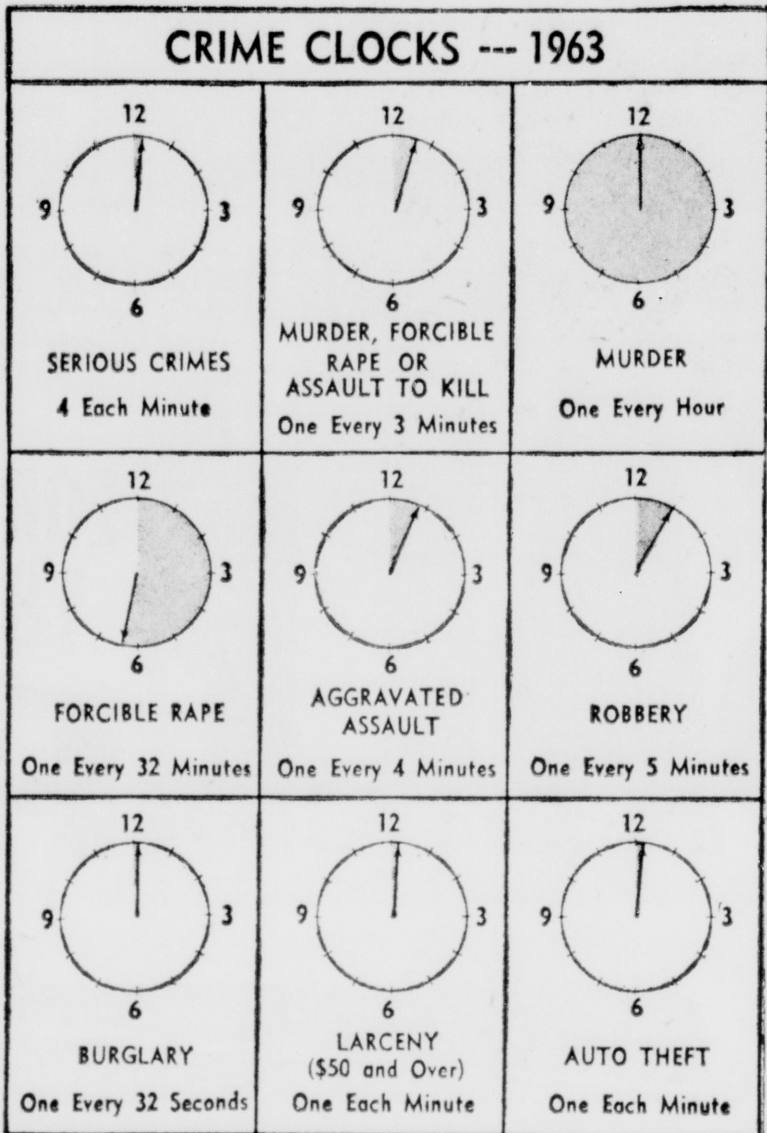

Mabel Chambers, president of Altrusa Club, was elected president of the Civic Club Council for the coming year with Della Gasperson, American Business Women president, to serve as vice-president.

The Council's project for the year has been repairing and replacing highway civic club signs at the 4 entrances to Sedalia.

Apollo moonship landings later in this decade?

That's anybody's guess, but NASA has ordered a new deputy director, retired Air Force Maj. Gen. Alvin R. Lueddecke, to come here next month, reportedly as a condition for renewal next December of its contract with the laboratory.

Industry sources here expect Lueddecke to be ruthless if Ranger 7 fails.

Recital Presented Sunday at Calvary

The piano students of Mrs. Donnie Maltzberger, Teresa Beckley, Terry Allan and Alice Faye Maltzberger.

Those taking part in the program were: Sandra Beckley, Mitzi McFatrach, Vickie Gehlken, Jackie Miller, Gary Allan, David Forsee, Raina Williams.

Youth Makes Trip to Fair By Bicycle

NEW YORK (AP)—It's about 1,700 miles from Wichita, Kan., to the World's Fair and Robert Warne is well acquainted with every single one of them. He has just covered them by bicycle.

Warne, a 20-year-old machinist spent 19 days on the road and enjoyed almost every minute of it because he likes exercise.

He acknowledged, however, that he did hitch a ride just once.

"Out at one place in Ohio," he said, "it was cold and wet and miserable. I was pretty well exhausted and just couldn't go any farther. So I got a ride in the back of a truck for about 12 miles."

He said the trip, which ended here the past weekend, was rather uneventful except for a couple of relatively minor mishaps. He was pleased that he arrived with "the same tires and the same air in them."

In St. Louis he accidentally ran off the freeway and bent a rim. He had to get a new one.

At Troy, Ill., a hit-and-run driver sideswiped him. He wasn't hurt but the accident bent a fender and a wire basket in which he was carrying his

About Town

Mrs. Marguerite Loveland, 410 South Quincy, has returned from a visit with Mr. and Mrs. Charlie Weller and family, Fairfield, Ia., former Sedalians. Upon her return home she stopped in Kansas City where she visited her granddaughter, Mrs. W. W. Mills and Mr. Mills.

belongings. Warne straightened both by hand.

The trip took him through 10 states—Kansas, Missouri, Illinois, Indiana, Ohio, Pennsylvania, West Virginia, New Jersey and New York.

All along the way, he said, residents would ask him to stop and spend the night with them.

Warne said he expected to spend about 10 days here, visiting the Fair and sightseeing around the city.

He was also planning to regain the eight pounds he lost on the bike trip.

And how will he return home? Much as he likes exercise, he's going to drive back with a sister.

Gardeners, Versailles Meet at Nelson Home

Versailles Garden Club met at the home of Mrs. W. E. Nelson, Versailles, July 10, with Mrs. M. J. LaRue, Sr., as co-hostess. Roll call was answered with "Historical Questions." Mrs. Earl Patten, president, presided.

"Art and Care of Drying Flowers" was presented by Mrs. C. W. Thomas, central district director of Missouri Federation of Garden Clubs. She discussed the procedure for showing floral

arrangements at state garden club shows.

Twenty-four members and three guests, including J. R. Ephland, Versailles, attended.

Soap Operas On TV With More Impact

EDITOR'S NOTE—Jerry Layton, producer of NBC's "The Doctors," takes us inside the wonderful world of the daytime television serial—they often are called soap operas—and shows us the complicated machinery that makes them work.

By JERRY LAYTON
For Cynthia Lowry

NEW YORK (AP)—Not long ago if a daytime serial actor found that he was required to say, "George, I can't seem to shake this cold," he immediately called his agent. "Al, they're giving me the pneumonia treatment. Better line up some auditions. I'd say the funeral's set for two months."

He knew his part was soon to be written out of the show. But with this formula being done to "death," so did the viewers.

Those were the days when you could go away on summer vacation and on your return find this guy still trying to shake that cold.

Those were the days, too, when the dialogue covered what happened yesterday, what might happen tomorrow, but with little or no action to show that anything was happening today.

I believe today's daytime television drama is a far cry from yesterday's soap operas. Tastes continually change in the theater, in motion pictures, in nighttime television—and in daytime television. No television chef today should rely on somebody else's old recipe.

What do we do on "The Doctors" in place of the "pneumonia treatment?" We don't just kill him off. We introduce a new character to strengthen the dramatic balance. We overlap the two and then let the newer one take over in importance.

Only one of our original four leads is in "The Doctors" after almost two years. We found that our viewers preferred a man of definite authority as the hero. So we introduced a chief of staff.

Originally we presented a new half-hour drama every day. We found that viewers wanted to know more about our leads, so we expanded to a full-length story every week. As our audience became more personally involved with the cast, we even lifted the five-days-per-story restriction to make continuing drama, in fact, a television novel.

Some specialists are prone to put the daytime television viewers under a microscope and come up with the pronouncement: "Daytime viewers are completely different from nighttime viewers." Not so.

People are people. The housewife who watches "The Doctors" in the afternoon is the same person who at night views "Bonanza," Ed Sullivan, and Walt Disney's programs. That's why there are so many former

STEVE RAY
Steve Ray Wins National FFA Chair In Band

Steve Ray, son of Mr. and Mrs. Melvin Ray, Green Ridge has been selected one of four students from Missouri to participate in the National FFA Band which will perform in Kansas City during the American Royal in October. Ray will play trumpet. The other three students from Missouri are Jerry Gasau, Odessa, French horn; Jack Gebhardt, Archie, clarinet and Wayne Hilgedick, Salem, trombone.

The four were selected from 15 who qualified in finals. Try-outs were during the FFA state contest in Columbia this spring. There will be 200 students in the complete band.

Ray will be a junior at Green Ridge High School this fall. He has been active in music and sports events, as well as in academic courses.

This year, Ray was selected all-around FFA member. His freshman year he participated in the state FFA Band. Steve was a member of two judging teams which qualified to go to state at Columbia. These teams were Meats and Animal Husbandry. Because of being selected for State FFA Chorus, his alternate took his place in the two teams.

During the summer of his freshman year Ray attended the State FFA Camp and took a course in life saving. He qualified for Senior Life Saving in every detail except he wasn't 16 years of age, which prevented him from receiving that award. Ray won a gold medal for being the highest camp scorer.

Some of Ray's music activities include: band, mixed chorus, instrumental and vocal solos, boys quartet, boys double quartet, mixed double quartet, and trumpet trio.

Mrs. Dale Bradley, Windsor, is Green Ridge music director. Wendell Roberts, Green Ridge, is vocational agriculture teacher.

nighttime programs now being rerun in the daytime. And they'd be flops if daytime audiences were "different."

Toxic Plants Discussed For Bunceton Women

"Dangers Lurking in Your Garden," a program about toxic plants found growing wild in this area, was given by Mrs. Henry Beck July 16 for members of Bunceton Garden Club at the home of Mrs. W. L. Fancier.

Mrs. Beck urged caution in handling such plants as foxglove, nightshade and Jimson weed. It was reported favorable comments had been received

about flower boxes the club made and are maintaining in downtown Bunceton.

Federated Garden Clubs will meet Sept. 19 in Tipton. Ideas for the ways and means table were discussed. A note was read from Miss

Nell Jones and her sister, thanking the club for flowers sent at the time of their mother's death.

It was announced Mrs. Martha Mills, a Boonville Garden Club member, is a patient at St. Joseph Hospital, Boonville. The next meeting will be Aug.

20 at the home of Mrs. Herman Dick. Refreshments were served.

Man cultivates about 25,000 species of plants, about 10,000 of which are cherished for their ornamental flowers.

Retirement a Release From Harness of Daily Plodding

By HAL BOYLE
NEW YORK (AP)—Life keeps a fellow so busy doing about half the things he ought to do that he doesn't have time to do a third of the things he'd like to. So he has to postpone his pleasures most of his life. He is too busy doing his duty to really enjoy himself.

'Wild Bill' Unshaven 15 Years

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — Wild Bill Tucker has gone unshorn for 15 years. His mane hangs white and stringy below his shoulders, his mustache is wide and luxuriant and his goatee is longer than a billygoat's. He presents an imposing figure as he strides down Hollywood Boulevard daily in Western-style tan gabardine suit, yellow silk shirt, black cowboy boots and Stetson hat. He resembles everyone's conception of Buffalo Bill, yet for Col. Cody he has scant regard.

"Talked to him once in San Francisco at the World's Fair," said Wild Bill. "He was all right. Drank a lot in his later years. He was a good politician. I'll say that for him."

He was standing on a corner as a bus disgorged some travelers. He greeted several of them and they said, "Hello, Bill," and continued on their way. He resumed talking in his rambling, non-stop manner.

"People like this get-up of mine. It means something to 'em, something of the old West. They like to talk to me."

"It makes me feel good to be around people. I'm 72 years old and I never felt better in my life. That's because I like people and I take care of myself. I eat good, sleep good and get loads of exercise."

He demonstrated some of his calisthenics. One consisted of flexing his arms and moving them rapidly from side to side. Another he admitted was nothing more or less than the shimmy—"It's great for getting the blood to the brain and other vital organs."

He was born John William Tucker in Beatrice, Neb., where, he noted, Wild Bill Hickok shot it out with the McCandles. Bill's father was a frontier judge who was born in the same Missouri county where Daniel Boone died.

Bill got into show business in 1912 as an imitator and whistler, billed as Tommy Tucker. It was a pretty lousy act, as he recalled it. After war service as an air instructor, he followed a number of occupations in and around the entertainment world. Among them: imitating sounds for movie cartoons.

"I can make any sound you name; here's a hurricane," he said.

"Shucks, I wasn't no movie star or anything like that," he remarked. "But I can make more money now than I ever did before. Don't want to work, though. I got my Army pension and my Social Security. That's all I need."

St. Lucia, second largest of the Windward Islands, lies south of Martinique in the Caribbean Sea.

When the world removes them from the harness of the daily plodding, they take revenge by dying.

They live by the puritanical idea that work is given to man to keep him out of mischief. Without work they feel they have no mission in life.

I have just the opposite theory. I think the only purpose of work is to save enough money to spend the rest of your life in mischief and riotous self-indulgence. I believe that any kind of employment is a form of slavery and any man who submits to it an hour longer than he has to is an unenlightened fool.

I know exactly what I'm going to do with myself when I'm 65. Planned retirement has been my consant daydream ever since I started sweeping out a grocery store at the age of 10 and gained an early and lifelong distaste for honest labor.

As soon as the office gives me the farewell \$27.50 imitation leather traveling bag and the \$1.95 goodbye lunch, I'm going to open the window by my desk and drop this typewriter six floors to the street below.

Then I'm going home to a little place in the country and sit motionless in the rocking chair on the front porch for a solid month.

Then I'm going to rock until I feel rested.

Then I'm going to buy a barrel of bourbon and drink it while I read a thousand books in my library whose pages I have yet to turn.

Then I am going down to the Bowery and get an artist to tattoo on my chest a giant eagle, an American flag and the motto, "Liberty or Death."

Then I am going to start smoking cigarettes and learn to inhale.

Then I will run away from home.

"So long, kids," I will tell my weeping wife and awestruck grandchildren. "It sure has been fun knowing you, but there is no reason for making the arrangement permanent."

Then I am going to the beautiful island of Bali, a place I saw in my youth and have always had a hankering to return to.

And if, thereafter, you never hear from me, please don't worry. If a fellow can't find something to keep himself occupied with on Bali, he really doesn't deserve retirement.

Trimble Plans Barnstorming Trip of State As a Finale

JEFFERSON CITY — State Rep. James G. Trimble, D-Clay County, will barnstorm Missouri with a "flying caravan" the final weeks of his campaign to win the Democratic nomination for Attorney General.

Trimble will lead a flying caravan into all sections of the State in a final swing before the August 4 Primary Election. The Clay County Legislator

will pilot his own plane on the barnstorming tour and will be accompanied by his wife, Ann, who also flies, and their three children.

At least five planes will be in the caravan. Trimble will speak at airports throughout Missouri, meet with local supporters and tour each city where his planes land.

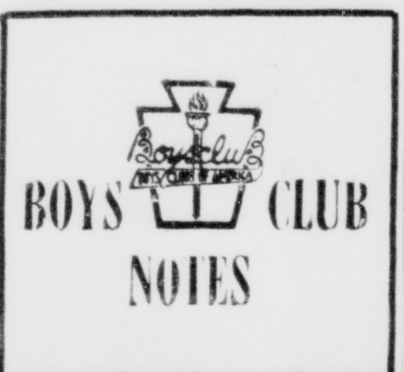

The caravan starts tomorrow with stops scheduled in Joplin, Neosho and Springfield. On Saturday, July 25th, they will head for the "Bootheel" with stops at Poplar Bluff, Kennett, Caruthersville, Sikeston and Cape Girardeau.

On Saturday, Aug. 1, Trimble and his flying buddies will visit Marshall, Sedalia, Columbia, Moberly and Mexico.

Trimble has visited all of these cities in the past. He said, "I want to let the people of out-state Missouri know I haven't forgotten them. We hope to shake hands with as many people as possible on these flying trips in the last few days before the Primary Election."

Trimble, who has campaigned in most of Missouri's 114 counties and extensively in St. Louis City, expressed confidence he will win the Democratic nomination for Attorney General.

"Every place we go, we have met enthusiastic supporters," Trimble said. "I stand on my record of eight years in the Missouri Legislature. In this campaign I have taken my message to the people to let them know where I stand. This barnstorming pays off — it lets us carry the campaign to the people."

A number of complimentary tickets to the Thunderbowl Speedway for races Aug. 8 are available at the club and also at the Trampoline Center. Tickets are free to club members on a first come first served basis, and are the compliments of Dan Doty Jr., Mr. and Mrs. Arthur Turner, Jim Meneffe and Fred Walker.

Thursday morning the Boys Club softball team (for boys under 12 years) defeated the Chic team of the Girls Khoury League by a score of 18 to 2. The Chic team was composed of All Star league players. Pitchers for the Boys Club were Dan Van Dyne, Dennis Johnson, and Gregory Patmon. For the Chics Linda Lutgen, Sue Barnes and Doreen Soanka.

Thursday the Boys Club team composed of players age 9 and under will meet the Petite All Stars composed of girls age 10 and under. This game will be played on the diamond North of Liberty Park and will start at 9 a.m. Harold Ryan will be the umpire.

The insigna awards have arrived and are now available at the Club on Saturdays. These awards are of felt white in color and trimmed in red and can be worn on jacket or sleeve of shirt and are given to boys who have done outstanding work in the club in the field of activities. They are keystone in shape the same as the Boys Club trademark with appropriate lettering. In basketball the following boys are awarded insignas: Mike Waisner, Danny Van Dyne, David Van Dyne, Sam Gravitt, David Dennis, Paul Klover, Bobby Bechtol, Charles Snyder, David DeLapp and Gail Jennings in the Jungle Cat League. Winners of awards in the War-

rior League are Richard Dixon, Terry Miles, James Finley, Dennis Johnson, Gregory Patmon, Zachary Patmon, Vernon Miles, Sterling Howard, Kenny Drenon, and Jerry Burger.

Outstanding achievement awards to Ronnie Soanke Boys Club Boy of Year 1963 and Jim Herring Boys Club Boy of Year 1964. Trampoline award, Art Le-Clair; Physical Fitness awards, Mike Thompson, John Bryson, LeRoy Shull, David Dennis, Jim Parker and Mike Waisner. Pool Champion, Sterling Howard.

Other awards will be given in all phases of Boys Club activities when certain requirements are met. This includes, photography, woodworking, checkers, art, boxing, wrestling and other events which are under adult supervision.

Turmoil, Strife Added To Uncertain Business Plans

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Political turmoil and racial strife are being added to the uncertainties of business planning.

Businessmen have to plan ahead—or else. This summer had seemed to offer far less than the usual number of uncertainties. As the planners took to the woods or the beaches, all the signs still pointed to a further climb in the economy—and the signs still do.

The bellwethers—the big corporations and the stock market—obviously were counting on good times.

The corporations were announcing increased spending plans, for updating equipment or adding to existing production facilities. And they, of necessity looked well into the future. The stock market has been betting on the nearer term. Prices, especially of many blue chips, have been bid to record highs. The meaning seemed clear—the big investors, individual or institutional, expected increased earnings in the future, and maybe dividends, and certainly higher market values for outstanding shares.

Regular uncertainties that plague the planners were still there, of course. International strife could always upset any predictions. Natural catastrophes such as weather or earthquakes could hit some industries or regions. The always unpredictable consumer could change from his present state of calm confidence to one of doubt and then consumer spending would fall, and so would business sales and earnings.

And the aging business upturn could run afoul of the traditional cycle, if any excesses should develop to trigger a downturn.

But the economic signs on the whole were, and are, remarkably near unanimity in predicting continuing good times.

For many business planners, however, there are now some new uncertainties to deal with.

What could racial strife do to production in some localities, to consumer buying here and there, to the choice of localities for new plants? Rioting can mean property damages and loss of goods. It can also frighten away shoppers, or even keep factory workers away from their jobs. Some tourists are reported nervous. Travel to some trouble spots has dropped.

Racial strife goes even deeper

than these surface matters. Top management in many corporations is taking a new look at hiring plans, at advertising campaigns, at moves to enter new markets. Management-labor relations are affected in a number of industries.

A summer that looked like an economic shoo-in might yet develop some business fireworks unforeseen only a short time back.

Bergman Family Meets for First Time in 15 Years

For the first time in 15 years all the children of Mr. and Mrs. Chris Bergman, 524 West Third, Sedalia, met for a family reunion at Cole Camp City Park, July 19. Mr. and Mrs. Bergman are former residents of Cole Camp. Mrs. Bergman is the former Esther Borchers.

Birthday observances were also held for Mrs. Bertha Borchers, Mrs. Rueben Bergman, Barbara Ann Bergman and Ann Bergman. A basket dinner was served.

Present were: Mrs. Bertha Borchers, Mr. and Mrs. Chris Bergman, Lowell Bergman, Mrs. Kenneth (Lillian) King, Dana and Cara King, Mr. and Mrs. Kenneth Bergman, Lisa, Roger, Leah and Julie Bergman, Mr. and Mrs. Ralph (Judy) Naylor, Brenda, Alan, Gary and Carla Jo Naylor, Mr. and Mrs. Earl Bauer, Mr. and Mrs. Alonzo Borchers, Sedalia; Mr. and Mrs. Kenneth (Geraldine) Balke, Carolyn, Cynthia, Roger and Stanley Balke, Des Moines, Iowa; Mr. and Mrs. Orville Bergman, Alan and Ann Bergman, Dubuque, Iowa; Mrs. Marvin (Marcella) Schedler, Jana, Jennifer, Timothy, Joel, Joyce and Elizabeth Jean, Fair Haven, Minn.

Mr. and Mrs. Gilbert Bergman, Douglas, Stephanie and Christine, Phoenix, Ariz.; Mr. and Mrs. Olin Harms, Mike, Cynthia and Sandra Harms, Raytown; Mrs. Melvin Smith, Dixie and Denise Smith, Dallas, Texas; Mrs. Olaf Schlesselman, Chester, Charlene and Brian Schlesselman, Lincoln.

Mr. and Mrs. Harold Schroeder, Ionia; Mr. and Mrs. Arthur Harms, Mr. and Mrs. Earl Borchers, Mr. and Mrs. Lenus Bauer, Mr. and Mrs. Ed Luebber, Mr. and Mrs. Homer Borchers, Mrs. Lawrence Phifer, Mrs. Cleo Bahrenburg, Janice and Joleen Bahrenburg and Mr. and Mrs. Rueben Bergman, Margie, Connie, Johnny, Joseph and Barbara Bergman, Cole Camp; Dixie and Debora Moellman.

NOT KIDDING—Toni Lee Shelley found out that topless bathing suits aren't all for laughs. She got a lot of publicity when she was arrested wearing one on a Chicago beach. Toni asked for a jury trial on the indecent exposure charge and said she hoped for an all-male jury. The actual jury—including six women—found her guilty. Toni's appealing.

chers, Mrs. Lawrence Phifer, Mrs. Cleo Bahrenburg, Janice and Joleen Bahrenburg and Mr. and Mrs. Rueben Bergman, Margie, Connie, Johnny, Joseph and Barbara Bergman, Cole Camp; Dixie and Debora Moellman.

Mr. and Mrs. Chris Bergman are parents of nine children: Rueben, Geraldine, Orville, Gilbert, Kenneth, Lillian, Lowell, Marcella and Judy. There are 30 grandchildren. All were present, with the exception of Larry Balke, son of Mr. and Mrs. Kenneth Balke, who is serving in the U. S. Navy in Hawaii.

PIN-WORMS A FAMILY AFFAIR

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms, ugly parasites that medical experts say infect 1 out of every 3 persons examined. Entire families may be victims and not know it. To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge... small, easy-to-take tablets... special sizes for children and adults.

Archaeology Interest Is Increasing

Booming interest in archaeology—from both armchair enthusiasts and amateur dig-it-yourself fans—has brought increasing demand at the Sedalia Public Library for books and magazine articles on this subject field, according to Librarian Lu Parrish.

Numerous popular books and newspaper and magazine articles have appeared and many of these are available at the library, Miss Parrish said. A display, "The World of the Past," featuring material on archaeology and archaeological discoveries, was opened at the library this week.

The most recently published book about archaeology is Joseph Alsop's "From the Silent Earth." The author, a well-known political columnist, writes vividly of the Mycenaean civilization on the Grecian mainland and the Minoan civilization on Crete. He tells what is known of the life and achievements of that time, and presents his own theories about the central ridges of the Greek Bronze Age.

Other recent accounts of archaeological exploration in faraway lands include "Life Under the Pharaohs," by Leonard Cottrell; "House of the Double Ax," by Agnes Vaughan; "Lost Cities and Vanished Civilizations," by Robert Silverberg; and "Fair Gods and Stone Faces," by Constance Irwin.

Books are also available on archaeological discoveries in North America. Some of the titles are Hibben's "Digging Up America," and Wormington's "Ancient Man in North America."

The history of archaeology and accounts of famous archaeological discoveries can be found in Kurt Marek's "The March of Archaeology," Michel

Peissel's "The Lost World of Quintana Roo," Edward Bacon's "Digging for History," and Robert Silverberg's "Empires in the Dust."

Basic books of related interests which are often in demand include "Prehistoric Animals" and "Prehistoric Reptiles and Birds," both by Joseph August; "The Fossil Book," by Carroll Fenton; "Exploring the Secrets of the Sea," by William Cromie; and "Fossils in America," by Jay Ransom.

18th Anniversary

Thursday will mark the 18th anniversary of a club founded by the Rev. Doyle Ross Mabry, pastor of the Shrine of Jesus Home Chapel, 208 West 17th. This occasion will be observed with an open house to start at 6 a.m., lasting until 12 o'clock midnight.

Sedalia Girl Scouts Attend Pin Oak Camp

Several Sedalia girls have completed a two week camping session at Camp Pin Oak, Heart of Missouri Girl Scout Council, established camp at the Lake of the Ozarks. Attending were: Kathy Anne Binderup, Joyce Cairer, Marsha Eding, Deborah Hopkins, Susan Lay, Elizabeth Lively, Lucy Lockett, Ann Barrett Norris, Katie Reyburn, Mary Louise Talbot, Stacy Trotter and Jane Viets. Completing the CIT program were Misses Cairer, Eding and Lockett. Deborah Hopkins earned her intermediate swimming badge. Troop camper badges were merited by Misses Lively and Viets. Swimmer badge requirements were met by Miss Norris.

ELECT ... the man for MISSOURI

Hilary BUSH

Democrat for Governor

HILARY BUSH AS A CITIZEN ...

... has practiced law in Jackson County since 1932. He served as Jackson County Counselor 1940-42. He was Judge Advocate General of the 81st Infantry Division during World War II. He has been active in many Jackson County social and civic organizations, and for the past four years has served as Lieutenant Governor of Missouri.

HILARY BUSH AS LIEUTENANT GOVERNOR ...

... holds the respect of the state and its leaders. He has given personal attention to problems of education, mental health, industrial development, and the aged. He has been rewarded by seeing important laws enacted in each of these fields during his tenure, and has been highly praised for his record as an able, articulate leader.

HILARY BUSH, THE MAN FOR MISSOURI ...

... has urged expansion of Missouri's present industrial development programs, wants a more realistic, constructive mental health program, wants state improvements on a pay-as-you-go basis with no tax increase, and recommends expanded vocational training. He is exceptionally well prepared and qualified for our state's highest office.

EDITORIALS

Cleaning Up the Garbage

City council is not going off half-cocked on passage of an ordinance providing for a fee for the collection of garbage. The first reading of one at Monday night's meeting didn't meet with much enthusiasm for the reason it was not definite and was referred to as being "vague." The document might have been an exact copy of one used effectively elsewhere but it is not informative enough for Sedalians.

The fact that it wasn't clear is exactly the development anticipated in this column a week before it was presented when admonition was given that an earnest effort should be made to patch up any loopholes before a garbage ordinance was passed.

Sedalians are encouraged by the position taken by President Pro-tem J. C. Griffin to the effect that several suggestions and changes will be made by members of council with respect to the ordinance before it is presented for final passage.

Councilman Walter Jessee, too, insisted on further study and clarifi-

cation of the measure because no one had an opportunity to digest its contents.

One garbage collection patron expressed impatience with newspapers because, he said, they didn't tell the public much about the ordinance. Yet on several occasions public attention was called by the newspapers to this proposal the contents of which were not submitted for analysis in advance even to councilmen.

Apparently what was considered as a routine piece of legislation was contrary to expectations. Councilmen were alert to the vagueness of the measure upon its first reading. Thereupon they exercised their responsibility to study it for clarification in whatever elements need to be revised or amplified.

The public has assurance that Sedalia's city council is in no mood to ramrod a garbage ordinance through the legislative hopper without letting the public know in advance what is coming out of the other end.

GHS

Looking Backward

TWENTY-FIVE YEARS AGO

State Fair officials have ordered the blasting out of the main entrance to the Fairgrounds to make way for a new four-lane trafficway designed to expedite the handling of motor vehicles. Arthur J. P. Schwarz, of Sedalia, is the architect who designed the new entrance which is 120 feet wide compared with the old one of 90 feet.

—1939—

The Norman Chasoff Co., Inc., paint and wallpaper business at 118 West Second street, has been sold to Everett White, paint contractor. Norman Chasoff with Joseph Bax and John Rucker left for Houston, Texas, where Mr. Chasoff will engage in the lacquer business, employing the two other Sedalians.

FORTY YEARS AGO

W. T. Wallace was appointed to act as manager of the information and housing bureau to be conducted under auspices of

Washington Merry-Go-Round

Klan Put On Subversive List in 1947

By DREW PEARSON

WASHINGTON—Listening to the Republican national convention roar down any criticism of the John Birch Society and the Ku Klux Klan brought back to me some personal memories.

For a good many years I had a plant inside the Klan in Atlanta, Ga., reporting what was going on. In those days the Klan was more anti-Catholic than anti-Negro; so it was ironic to watch predominantly Protestant delegates at San Francisco shout indirect approval of the Klan, then turn around and shout approval of a Roman Catholic to run for vice president.

Republicans of course will deny it, but the backbone of the Klan in this century has always been Protestant Republicans. And it's biggest moment in this century was its parade down Pennsylvania Avenue in 1925 past the White House where Calvin Coolidge, a Republican, sat as president.

Twenty five thousand Klansmen, in full regalia hoods and all, marched in that exhibition of Klan power; while a total of 100,000 Klan wives and children swarmed into Washington. It was the biggest march on the nation's capital at that time—bigger than the bonus army march which followed in 1932.

Most of the Klansmen in that parade came from Indiana, Ohio, Kansas, New Jersey, and Maryland, then predominantly Republican states. The chief speaker, J. H. Connaughton, harangued the Washington assemblage on the subject: "Catholics want control of politics in the U.S.A."

While he spoke a giant 80-foot cross burned over the banks of the Potomac.

President Calvin Coolidge issued no protest from the White House. He was on the whole a moderate Republican, but he did not condemn the extremism of the Ku Klux Klan.

Klan Is Subversive

Eighteen years later, a southerner, stern Attorney General Tom Clark of Texas, put the Ku Klux Klan officially on the government's list of subversive organizations. This was November, 1947. It is still there. And as of the very moment when the Republican national convention was shouting down Gov. Nelson Rockefeller's demand that the Klan be officially criticized, the Klan ranked with the Communist party, the Fascist and Nazi parties as subversive in the opinion of the Justice Department.

My own experiences with the Klan were considerably before Tom Clark branded it as subversive. Looking through the many hundreds of columns I have written about the Klan I find one as early as October, 1936, reporting that the Klan was accusing John Hamilton, then chairman of the Republican national committee, of having been one of its members in Kansas, but deserting in order to curry favor with Catholics.

It was in 1946 that I managed to get a plant inside the Klan and was able to report

Reported Movements

General Henry H. Arnold was the United States Army general who first reported the movements of ground troops from the air by radio, doing so in 1912

Preparedness

If all the Polaris submarines of the United States Navy were deployed at sea at the same time, 240 hydrogen warhead missiles would be in readiness at once.

The Chamber of Commerce during the Missouri State Fair, at a meeting of Chamber officers and directors, with Carl Harter, president, presiding.

—1924—

Mr. and Mrs. Vincent Harris, who have been residing in the west end apartments, Third street and Harrison avenue, have moved to the apartments at Third street and Quincy avenue.

—1924—

Mr. and Mrs. Lawrence Barnett went to Jefferson City where they visited with Mr. and Mrs. Joseph Heinberger. Mrs. Heinberger is a former Sedalian.

on Grand Dragon Samuel Green's tirades inside the Atlanta Klavern, against Gov. Ellis Arnall, the Atlanta Constitution, the Atlanta Journal, Editor Ralph McGill, whom he described as "Rosenwald McGill."

Gov. Arnall, who didn't believe that extremism justified the means, took steps, together with his attorney general, Eugene Cook, to revoke the Klan's charter, and subsequently most southern states passed laws banning hooded parades. If Klansmen appear in public hiding behind night-shirts and pillow cases, they are arrested.

Steps of State Capitol

It was about this time that this writer accepted a dare from the Kluxers of Stone Mountain, Ga., to come to Georgia, and delivered a radio broadcast from the steps of the Georgia state capitol. Gov. Arnall, unlike the Republican party in San Francisco, had the courage to appear there and introduce me.

This was on July 27, 1946. The Klan was placed on the Justice Department's subversive list on Nov. 24, 1947.

In 1956, I interviewed one of the Georgia Klansmen and published the story of Klan resentment against Mayor William Hartsfield for banning Klansmen from the Atlanta police force; plans to bomb Ralph McGill of the Constitution; how the Klan secured its fire-arms and the Klan's printing arrangement with Gerald L. K. Smith, the anti-Semite.

The Klan got its biggest recent lift from the election of Gov. John Patterson in Alabama, whom it vigorously supported. Patterson was seen openly with the Alabama Grand Dragon Bob Shelton, who later supported Gov. Wallace.

But on the whole southern governors have fought the Klan, among them former Gov. Jimmy Byrnes of South Carolina; the present Governor Donald Russell; Gov. Terry Sanford of North Carolina; and Gov. Carl Sanders of Georgia.

It was ironic that at the very same time the Republican national convention was refusing to criticize the Klan, North Carolina Klansmen were trying to burn down the Elm City, N.C., First Presbyterian Church.

This poverty-stricken Negro church, which like many rural Negro churches, can barely afford to pay its pastor and cannot afford a coat of paint, had received help from white students.

Whereupon Grand Dragon James L. Jones went to the church, warned the students to keep away. They continued their paint job. Klansmen threatened retaliation. And on the same night the GOP conclave was shouting down Gov. Rockefeller in San Francisco, two Klansmen poured gasoline on the church steps and lit a match.

Fortunately, alert North Carolina trooper under personal orders from Gov. Sanford, saved the church and arrested the Kluxers. Sanford did not agree with the current, much emphasized policy of extremism,

"Perhaps You Can Spend Your Honeymoon in Viet Nam!"

The World Today

If Barry Loses, Who's Next GOP?

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—If Sen. Barry Goldwater loses the 1964 election the Republican party will have to search for a whole

new batch of likely presidential prospects.

With the possible exception of Pennsylvania's Gov. William W. Scranton, the familiar figures of this year, and past years, seem

washed out: Nixon, Rockefeller, Lodge.

Scranton at the end was Goldwater's only active rival for the Republican presidential nomination. He didn't make a glittering race of it.

Even allowing for his late start, much of his effort seemed wishy-washy and his campaign badly organized. But he is only 47. The presidential bug could bite him again although it took some biding this time to get him started.

Besides Goldwater and Scranton only Nixon, Rockefeller and Lodge seemed to have even a remote chance for the nomination. All were figures from the past.

Former Vice President Richard M. Nixon is only 51, which would seem to give him time for another try or two, except for what happened to him.

Although he lost the presidency to Sen. John F. Kennedy in 1960, it was so close he might have been in a favorite spot for the No. 1 role again if he hadn't failed in a try for the governorship of California in 1962. His balloon went down.

A close loss of the presidency is one thing. But to lose the gubernatorial contest could be, and in his case seemed to be, a fatal blow.

He probably didn't endear himself to Scranton or Goldwater. He called the former a puppet and tried to stir up opposition to Goldwater. The senator said he sounded "more and more like Harold Stassen."

New York's Gov. Nelson A. Rockefeller, 56, will be 60 when the 1968 election comes. But after what happened to him this year 1968 will probably be just a date on the calendar.

He was the one sturdy Republican who fought Goldwater through the primaries, campaigning hard. He beat the senator in Oregon, lost to him in California, and then dropped out when Goldwater's strength seemed too much.

This was his second frustration and second withdrawal. He made sounds like a candidate in 1960 but Nixon had such an inside track for the nomination that Rockefeller pulled out without even trying.

If nothing else, age alone would knock Henry Cabot Lodge out of the picture next time. He is 62 now, will be 66 then. He was very unimpressive this year, except for a short time after he won the New Hampshire primary over Goldwater and Rockefeller.

Lodge won there without declaring himself a candidate and while he was still U.S. ambassador in far-off South Viet Nam. When Rockefeller beat him in the Oregon primary, that finished him.

He quit as ambassador to come home, he said, to help Scranton beat Goldwater. But he wasn't very dynamic after he got here. If he thought the lightning might strike him, he was probably the only one who did.

Yet, at the moment, there is no one in sight who could reasonably be said to be the man to replace these familiar faces from the past.

We the Women

Tricks of Being Women

By RUTH MILLETT,
Newspaper Enterprise Assn.

That Pennsylvania man who recently had his wife-to-be sign a premarital contract giving him final authority in all matters may feel he's one up on most husbands. But ac-

tually what he has got is a worthless piece of paper.

No wife with an ounce of feminism makes family decision by such direct and open statements as "I have decided. . . ." "We are going to do such-and-such." "My mind is made up" or "If you will just listen for a minute, I'll show you where you are wrong."

Instead, the wife bent on getting her own way is quick to reassure her husband that he is the head of the family and the one to make the decisions. She graciously listens to his ideas, nods in agreement and never lets an important discussion turn into an argument.

But she knows just the right question to ask to put a nagging doubt in his mind, making him wonder: "Am I right about this?" She knows how to slip in her ideas so easily and casually her husband accepts them as his own. She tends to be wistful about her wants, instead of demanding, so that her hus-

band finds it even more pleasant to "surprise" her with a decision he knows will delight her than to pursue a course that she has gently sprinkled with the cold water of, "Well if that's what you think is best, it's fine with me."

So, a wife's signature on a document that says her husband is boss isn't worth much. For it is precisely when a husband has been lulled into thinking that he is boss that his wife finds it the easiest to get her way. The wife who signed that agreement surely knew that and she must have smiled a secret smile as she signed it.

Missourian Promoted

WASHINGTON (AP)—William H. Keating, a native of Trenton, Mo., has been promoted to Chief of the Reclamation Bureau's Power Division here, the Interior Department announced today.

Keating, a 15-year employee, has been assistant regional supervisor of power for the bureau with headquarters at Sacramento, Calif. The promotion means a pay increase from \$14,065 to \$15,665 a year.

Keating joined the Bureau's staff at Casper, Wyo., shortly after graduation in 1949 from the University of Missouri.

THE DOCTOR SAYS

Physician's 'Magic Pill' Well Tested Medicine

By Wayne G. Brandstadt, M.D.,
Newspaper Enterprise Association

Anything that improves your health or cures disease has always been looked upon as some sort of magic. This difference between the magic of the witch doctor and your family physician is that the latter uses drugs that have been scientifically tested first on animals then on human volunteers. The tests involve large series of persons, control studies with mock pills that have no active ingredient, and careful statistical analysis.

As a result of improved drugs and other medical advances the death rate in the United States has been reduced about 45 per cent since 1900. Two-thirds of all the drugs sold today had not been heard of 25 years ago. The more powerful drugs of today are not, however, without their hazards.

For that reason you should follow your doctor's directions for their use precisely. If after taking a drug for a few days you have not improved you should consult your doctor. He may want to adjust the dosage, reassure you that improvement will come, or advise a different course of treatment.

Under the law all drugs are divided into two categories: prescription drugs and over-the-counter drugs. Those that can be legally sold only on a doctor's prescription are so classified for your protection. Your doctor will base the dosage on your age and weight and the effects desired. For this reason the drug should not be passed on

to other members of the family or neighbors who appear to have the same symptoms.

They may need a different dosage or may have an entirely different disease. By the same token any remnant of your prescription should not be used at some later date when you think you have the same condition without consulting your doctor. The drug may have deteriorated or the symptoms may have a different cause.

Over-the-counter drugs are to be taken only for minor complaints that should normally clear up in a few hours or a few days. Do not use them over a prolonged period without your doctor's knowledge and approval. Above all don't fall for the glowing sales talk put out over radio and television.

For example, everyone does not need to take vitamin pills to supplement their diet. Nor everyone suffering from a deficiency of iron or other essential minerals. Pills to help you lose weight without dieting are a dangerous hoax. Lotions and creams alone will not cure pimples.

These and many other important facts about drugs have been set forth in simple language for you by the Food and Drug Administration in a pamphlet entitled "First Facts About Drugs." It is available from the Superintendent of Documents, U.S. Government Printing Office (Washington, D.C., 20402) for 15 cents a copy.

DEAR POLLY—Our new home has shelves with no doors above my washer and dryer. If doors were put up they would interfere with other doors in the room so

I bought two roller-type window blinds, the color of the walls, and hung them up above the shelves. Now I just let the blind up to the shelf I want.—SHORTY

DEAR POLLY—Many of us do not like the smell of mothballs, so why use them when dried orange peelings can be substituted? Peel the oranges and place the peelings on a piece of paper or a tray to dry (in the sun if you like). Dry thoroughly or you will have moldy peelings. When dry, wrap loosely in tissue paper or an old piece of cloth and place between

your clothes in the wardrobe. I have used peelings for years with good results and no expense or mothball odor in my clothing. Thank you most kindly and may God bless you.—S. M. C.

GIRLS—This idea from a hospital nun was completely new to me but certainly sounds worthy of a try if she has done it for years.—POLLY

DEAR POLLY—Hold baking pans upside down under hot running water before greasing them. The shortening will spread more easily and evenly and less shortening will be required.

If you need an extra wide piece of waxed paper, seal two pieces together with a hot iron.—MRS. R. W.

Share your favorite home-making ideas . . . send them to Polly in care of the Sedalia Democrat-Capital. You'll receive a bright, new silver dollar if Polly uses your idea in Polly's Pointers.

Notes a Milestone

Old-Time Sikeston Lawyer Returns to Business Desk

By LEO SCHULA
The Sikeston Standard
For The Associated Press

SIKESTON, Mo., (AP)—A keen-eyed man with grey hair and wearing an inevitable bow tie has returned to his desk in the Sikeston business district to quietly note a professional milestone.

Harry Cullen Blanton, whose bright eyes and agile physique belie his 73 years, completed his 50th year as an attorney earlier this month—in the same city in which he began his practice.

Earlier this year illness forced him to stay away from the office. He is now back on a limited schedule.

Blanton, eldest of eight children in a family long prominent in Missouri Democratic circles, is the only person to serve three 4-year terms as U. S. district attorney for Eastern Missouri. He is a past state commander of the American Legion; past president of the Southeast Missouri Boy Scout Council and member-at-large of the National Council of the Boys Scouts of America.

The story of his career has its Horatio Alger touches because it is one of hard work followed by success in a variety of activities.

As a student he sold newspapers, worked in a bank and as a secretary to a judge while participating in athletics and making his mark as a scholar.

He was born in Paris, Mo., the son of Mr. and Mrs. Charles L. Blanton, Sr. When he was a child the family moved to Falls Church, Va., where the elder Blanton worked for the Treasury department.

He was graduated from Western High in Georgetown, where he was valedictorian of his class; editor of the high school magazine; captain of the debate team; end on the football team and a first lieutenant in the cadet regiment.

Subsequently he attended night classes at Georgetown University, where he was graduated third in a law school class of 258. He also was editor of the Georgetown University Law Review. He was admitted to the bar in 1914.

After his father acquired the Sikeston Standard and moved here, young Blanton served as city attorney and as Scott County prosecutor.

Upon his return from service in World War I, he became active politically, serving on the county Democratic central committee. He supported the late Sen. Bennett Champ Clark in his successful campaign for the Senate in 1932. Senator Clark recommended Blanton for the U. S. district attorney post and he took office in 1934.

Blanton, who was one of eight children, is the father of eight sons and daughters. His mother, now 92, lives in the family home here and is president of the Sikeston Publishing Company.

Blanton says he wanted to be a lawyer ever since he was "knee high to a grasshopper," and he would make the same choice if he started out again.

His advice to young lawyers is to consider entering general practice.

"Country lawyers are better all around attorneys than city lawyers, who specialize," he said.

Circles Of St. Paul's In Meetings

"Wave the Flag," was the topic taken from the Lutheran Woman's Quarterly, used at the July meetings of the circles of the St. Paul's Lutheran Church which met as follows:

The Elizabeth Circle meeting was held in the church basement of the education building with Mrs. Sena Schutt as hostess. There were 11 members present and one guest, Mrs. John O. Bergmann.

Mrs. Anna Grammar gave the devotion, the scripture reading and presented the topic.

Mrs. George Buchholz, chairman, presided over the business meeting.

Reports were made on the circle projects, and mite boxes and stamps were collected after which the missionary prayer letters were read by Mrs. Leiland Harsch.

The meeting closed with the Lord's Prayer.

The next meeting will be held at Liberty Park.

Rhoda Circle met at the home of Marvline Boyd with six members present and one guest.

Mrs. Boyd, chairman, opened the meeting with scripture reading which was followed by prayer and then presented the topic.

Finals plans were made for decorating and serving for the July Parent Body meeting.

Reports were given by Mrs. Arthur Bethke and Mrs. Pat Childs.

Mrs. Emma Brockschmidt read a prayer letter from Tokyo, Japan; Mrs. Ethel Diekmann read from the Diary of an Ambassador in Japan and Mrs. Thelma Bethke read a letter from New Guinea.

Mrs. Shirley Pettit was welcomed as a new member.

The meeting closed with the mite box devotion and Lord's Prayer.

The August meeting will be at the home of Mrs. Pat Childs.

Eunice Circle met at the country home of Mrs. Leonard Miller, Hughesville, with ten members and four guests, Mrs. Anna Grammar, Mrs. Agusta Cordes, Mrs. J. McGregor and Mrs. Olendorph, present.

The chairman, Mrs. Clifford Hoover, presided, giving the devotional and the topic.

The altar committee will stay the same for July with Mrs. Raymond Barklage to replace Mrs. Otto Rosebrock in August. The prayer letter was read by Mrs. Leonard Miller and the meeting closed with the Lord's Prayer.

The next meeting will be Aug. 12, and the place will be a surprise, members to be notified.

Rebekah Circle met at Liberty Park and opened with the scripture reading and prayer by the chairman, Mrs. Marilyn Gertz.

Mrs. Louise Harms presented the topic. The circle projects were discussed.

The "Diary of a Missionary in Japan" was read by Lois Nix and the meeting closed with the mite box devotion and the Lord's Prayer.

The next meeting will be announced later.

Rachel Circle met with Mrs. Delbert Steffens with five members present.

Miss Lois Fricke read the

Rip Van Winkle couldn't sleep with nagging backache

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out feelings. When these discomforts come on with over-exertion or stress and strain—you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless, uncomfortable feeling. Doan's Pills work fast in 3 separate ways: 1, by speedy pain-relieving action to ease torment of nagging backache, headaches, muscular aches and pains. 2, by soothing effect on bladder irritation. 3, by mild diuretic action tending to increase output of the 15 miles of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. For convenience, ask for the large size. Get Doan's Pills today!

Shepherds On Guard In Cyprus

NICOSIA, Cyprus (AP)—The scene seemed straight from the Bible—a gnarled old man with a leather pouch on his back, grazing his sheep on a hillside in the sun.

They found his body next day, crumpled in the bottom of a well, with two bullet holes in his forehead.

Shepherds in Cyprus watch their flocks in fear, and the once peaceful profession has become

one of the most dangerous jobs on the troubled island.

Twenty-one shepherds have been wounded or killed since near-civil war erupted between Greek and Turkish Cypriots. Dozens more have been fired at. At least 10 have vanished or been kidnapped.

"To find grazing for the sheep and goats, we have to go a long way from the villages, and there is no one out there to protect us," explained Hassan Hussein, a 30-year-old shepherd from the Turkish village of Hamit Mandres. "I never know when I go out in the morning if I will ever get home again."

"Forty-five days ago I was with my sheep over there," he said, pointing beyond the barren, dust-colored hills where nothing grows. "I heard shouts and stood up and there were four Greeks running toward me. They fired their guns and I ran

—I ran so fast I left my boots behind. I hid in a dry riverbed."

Every year when the sun-seared fields dry up, the island's shepherds take their flocks to the rich green foothills of the mountains. This year the move means crossing enemy territory, for Greeks and Turks alike, and many shepherds fear their animals will die on the sparse lowland grazing.

"I am 77 years old and I have been a shepherd all my life, and this is the first year I can remember when I couldn't take the sheep to the hills," said Panayis Yanni, a hulking Greek villager from Mia Milea.

Liberal Downed 16-0

First Round Win To Birds In Semi-Pro Tournament

The 1964 Missouri State Semi-Pro tournament opened Tuesday night at Liberty Park with the Jefferson City Red Birds, 1963 champions, successfully defending their title in the first round games. The Birds had an easy night, winning over Liberal by a one-sided score of 16-0.

The game ended under the 16-run lead rule in the fifth inning.

The Red Birds opened the game scoring one in the first, got one in the second, and broke loose with a six-run rally in the top of the third. The fourth inning saw the Birds come through with another hit and run rally resulting in eight more scores to give them a 16 run lead.

Liberal had a chance in the first inning when they came back in the bottom. Jim Overstreet singled over second, Jim Farrell struck out, Suschnick walked, Richard Long was safe on an error, Sam Crabtree fanned, and Clinton Baker grounded out. Thus ended the only threat of the team during the game.

It was interesting to note that Ron Sieck of the Red Birds had 11 strikeouts of the fifteen outs of the Liberal team.

The victory moved the Red Birds out to the second round to meet the winner of the Independence-Warsaw game at 9 p.m. July 24, while Liberal dropped to the losers bracket and meets the losing team of the Independence-Warsaw contest at 7 p.m.

Tonight at the Liberty Park baseball diamond, the tournament enters into its second night of baseball. Two games on the schedule from records should prove out far better than the two openers Tuesday night.

First game tonight at 7 o'clock is between Art Gaines Baseball School and West Plains. At 9 o'clock, Fulton meets Chillicothe.

In the opener Tuesday night Jefferson City Red Birds defeated Liberal 16-0, while the second game saw the Independ-

dence Chathams defeat the Warsaw Merchants 10 to 0.

The Warsaw and Independence game was an interesting one to watch although the score does not indicate it.

Independence was off to a fast start with a 4-run rally in the opening inning. Don Boyd walked, Crenshaw singled and on an error of Bob Breshears, went to second as Boyd scored. Glenn Comstock walked. Bill Deal was out short to first; Phil Rellihan smashed a home run over the left field fence at the 330 foot mark, scoring Crenshaw and Comstock for the 4-run rally.

Buck Skaggs smashed a homer in the third inning for the second circuit drive of the tournament. He scored Bill Deal ahead of him for the two-run inning.

For the seven inning game Bob Parker of Independence pitched a one-hitter, the hit being collected by Dick Horner in the second inning. No Warsaw runner ever advanced farther around the bases than second.

Excellent backing was given Parker by his teammates who

Stu Miller In a Slump With Orioles

BALTIMORE (AP)—Stu Miller is in a slump, and so are the Baltimore Orioles.

Going into July, with Miller at his best, the Orioles enjoyed a three-game lead in the American League pennant race.

On July 1, the 36-year-old reliever specialist saved his 14th game for an Oriole teammate, and in addition he had a 4-1 won-lost record. Starting on April 28, he had allowed only five runs and 27 hits in 37 2/3 innings spanning 24 appearances.

But Miller served up a bases-loaded homer to Willie Smith of the Los Angeles to lose 10-6 on July 2. He has lost three more since, and the Orioles have tumbled into second place, five percentage points behind the New York Yankees.

In his 41st game of the season Tuesday, Miller allowed two singles, a homer, and a walk while retiring only one batter as the Cleveland Indians rallied for eight runs and an 8-5 second game victory to complete a two-night doubleheader sweep.

John Romano, who hit two homers in the 4-2 first game victory, launched the rally with his third homer of the night. After Woodie Held's three-run homer off Miller put Cleveland ahead 6-5. The final two runs scored on Romano's single and an error.

"Let's see, since the All-Star game, we're 8 and 8," Oriole Manager Hank Bauer said after Baltimore dropped its first doubleheader of the season. "And Miller has lost three of them."

Bauer said he was at a loss to explain Miller's sudden ineffectiveness. Nor did he offer any solution, except to "sweat it out."

Two Local Teams In All-Star Play

Two Sedalia Babe Ruth League teams are entered in the All-Star district tournament to be played at Clinton this weekend. The Sedalia National All-Stars and the Sedalia American All-Stars. The tournament opens Friday night, Saturday and the finals on Sunday afternoon.

The National All-Stars are in the top bracket and will meet Clinton at 8 o'clock Friday night. Also in the top bracket is Camden which drew a bye and plays the winner of the Clinton-Sedalia game at 8 o'clock Saturday night.

In the bottom bracket is Sedalia and Buffalo, who drew first round byes and play the semi-finals at 3 o'clock Saturday afternoon. Winner of the top bracket and lower bracket play at 3 o'clock Sunday afternoon. Winner of the tournament will then go to the Regionals at Joplin.

Philadelphia Riding Out NL Slump

MILWAUKEE (AP)—Despite their worst slump of the season, the Philadelphia Phillies are riding out the storm in first place in the National League pennant chase.

"We just haven't played as clean baseball as we did in the first two months, but we're still leading the league and what can you do with a team like that," Manager Gene Mauch said Tuesday night after the Phils defeated the Milwaukee Braves 6-3.

"We played terrific baseball for the first two months, making a few mistakes, and something had to give," Mauch added. "I don't know of any team that ever went through a season without playing some giveaway. Now we just have to start playing the way we were—cleanly."

"The pennant race is not different now than when we tied off. The team that gets the pitching and makes the fewest mistakes will be in business in October."

The Phils cooled off the surging Braves with a 14-hit attack, including home runs by Bobby Wine and Tony Taylor, in capturing the opener of a three-game series. It was only the league leaders' fifth victory in the last 14 games.

The loss was just the fourth for the Braves in their last 14 outings, but it dropped them 6 1/2 games off the pace.

Seven of Philadelphia's last nine defeats have been at the hands of left-handed pitching. Apparently stung, the Phils belted Milwaukee southpaws Wade Blasingame and Billy Hoelt before picking up to unearned runs off right-handers Bob Tiefenauer and Chi Chi Olivo in the ninth inning.

Gil Hodges Is Certain Of Senators

NEW YORK (AP)—Gil Hodges is not one of those who thinks New York Yankees are a sure thing to win the American League pennant—even though they moved back to first Tuesday night.

Before the meeting between his Washington club and the defending champions, the popular manager said he was more certain his Senators would not finish in the cellar than he was of the Yankees winning the pennant.

"The Yankees are having some trouble with their pitching," Hodges said. "If the Orioles and White Sox continue to get the strong pitching they have been getting, the Yankees are in for a lot of trouble."

It didn't work that way Tuesday night. Both the Orioles and White Sox lost doubleheaders while the Yankees defeated the Senators handily 7-1 behind the four-hit pitching of Jim Bouton.

That put the Yanks back on top, and Tom Tresh had a lot to do with it.

With Mickey Mantle sidelined because of an upset stomach, Tresh filled in at center field slot and also assumed the heavy duty.

AL Roundup

Yankees Trim Senators 7-1

By DICK COUCH
Associated Press Sports Writer

The New York Yankees trimmed Washington 7-1 Tuesday night.

Then they wound up on top of the American League when John Romano powered Cleveland to a 4-2, 8-5 doubleheader sweep over Baltimore and Vic Power came through with the big hit in the Los Angeles Angels' 2-0, 3-2 sweep over the Chicago White Sox.

Romano, a catcher the first game, was in the outfield when his third homer of the evening triggered an eight-run Indian uprising in the eighth inning of the Cleveland-Baltimore nightcap.

The big inning sent the Orioles reeling into second place, five percentage points behind New York.

Power was back at first base in the White Sox-Angels second game after an enforced 10-day layoff—the result of a run-in with umpire Jim Honochick in Los Angeles.

He came up in the seventh inning with two outs and cracked a bases-loaded single off Gary Peters that brought the Angels from behind and pushed the Sox into third place, one half game off the pace.

Boston defeated Detroit 7-5 on Dick Stuart's three-run homer and Kansas City nipped Minneapolis 5-4 on Rocky Colavito's two-run double in other AL games.

Tresh hit a solo homer, his 11th, in the second inning and connected again in the fourth with a man on. John Blanchard singled in two runs in the sixth and two more scored when Bouton's eighth inning fly ball fell for a double.

Chuck Hinton's sixth inning homer spoiled Bouton's shutout bid.

Romano caught the first game and drove in three runs with a pair of homers—his first in 14 games—and a double. He went to the outfield in the nightcap and Joe Azcue took over

behind the plate as the Indians stacked their batting order with right handed hitters against Baltimore southpaw Steve Barber.

John Powell had three hits in each game for the Orioles, including a first-game homer, his 26th.

The Angels' Bo Belinsky and reliever Bob Lee combined for a seven-hit shutout in the opener against Chicago. Felix Torres homered in the fourth inning and singled in the sixth, driving in both Los Angeles runs.

Jim Fregosi's first inning homer in the nightcap gave the Angels a 1-0 lead but the White Sox came up with two runs on five hits in the bottom of the first.

Relievers Aubrey Gatewood and Bob Duliba blanked the Sox the rest of the way and Power's hit, following a pair of walks and a single by pinch hitter Bob Rodgers, provided the victory margin.

Stuart's 24th homer snapped a 4-4 tie and upped his league-leading RBI total to 84. Bill Monbouquette weathered two home runs each by Norm Cash and George Thomas for his third straight victory.

Colavito's seventh inning double brought Kansas City from a 4-3 deficit and helped hand the Twins their sixth straight setback.

Comets Down Jets In Girls Softball

The Comets downed the Jets, 12-4, in a petite league game in girls' Khoury league softball action Tuesday.

Only two homers were seen in the first inning, Alana Green homered for Comets with one on. In the fifth, Colleen Walz rounded all four bases, driving in one run.

Colleen Walz took the loss for the Jets, with ten strikeouts to her credit. Alana Green was the winning pitcher for the Comets, fanning 11 Jet batters.

NL Roundup

Chicago Takes Giants 2 To 1

By MIKE RATHER
Associated Press Sports Writer

Billy Williams hit a two-strike pitch for a two-run homer that provided the Chicago Cubs with the runs they needed to whip San Francisco 2-1 Tuesday night.

Williams' homer, his 23rd, made the Cubs the latest entry in the National League pennant sweepstakes as they climbed over the .500 level with their fourth straight victory and eighth in 10 games, moving into contending position 7 1/2 games off the pace.

The Giants, meanwhile, continued their skid, losing their seventh in the last nine games and falling a full game behind front-running Philadelphia. The Phillies, also struggling, defeated Milwaukee 6-3 for only their

fifth victory in the last 14 games.

Elsewhere, the New York Mets dropped third-place Cincinnati 3 1/2 games by beating the Reds 4-2. Pittsburgh rode Jerry Lynch's grand slam homer to an 8-4 victory over St. Louis and Houston edged the Los Angeles Dodgers 1-0 on Al Spangler's homer.

The Cubs struck in the fourth against Gaylord Perry, now 7-7, when former Giant Joe Amalfitano doubled and Williams followed with his homer. That gave Bob Buhl his 12th victory against five losses although he needed relief help from Bobby Shantz and Don Elston.

The Giants scored in the sixth when Hal Lanier tripled and came home on a wild pitch by Buhl, but Elston cut off their last threat, getting Jim Davenport and Chuck Hiller on soft flies with the bases loaded in the ninth.

Bobby Wine drove in two runs with a homer and single, Tony Taylor also homered and rookie Richie Allen stroked three hits as the Phillies slowed the Braves, who had won eight of 10 and 16 of their last 22.

Art Mahaffey, 9-4, started for Philadelphia but needed Jack Baldschun's relief help when the Braves loaded the bases with one out in eighth and the Phillies leading only 4-2. Baldschun got Hank Aaron to hit into a force play, then retired Joe Torre on a tap in front of the plate.

The Mets made it four straight victories over the Reds as Larry Elliot hit a bases-empty homer off Joey Jay, 4-8, in the second and walked before Jesse Gonder homered in the fourth.

The victory went to Bill Wakefield, who pitched 5 1/3 innings of two-hit relief after the Reds chased Tracy Stallard with two fourth inning runs on a pair of walks and singles by Deron Johnson and Gordy Coleman.

Lynch smashed his grand slam off Ron Taylor in a five-run fifth inning that gave the Pirates more than enough to beat the Cardinals. Taylor took over for starter and loser Ray Sadecki, 10-8, after rain delayed the game 81 minutes.

Joe Gibbon, 7-3, needed relief help to win it after Mike Shannon hit a three-run homer for the Cardinals in the eighth.

Spangler's leadoff homer in the eighth broke up a pitchers' duel between the Colts' Bob Bruce and Don Drysdale of the Dodgers.

Bruce kept nine hits well spaced and stranded four Dodgers on third base as he brought his record to 11-4 with his fourth straight victory. Drysdale, 12-9, allowed only five hits.

Little League Stars In Area F Play

The Sedalia Little League All Stars enter Area I Tournament play at Columbia at 7 p.m. Wednesday. The American League plays at 7 p.m. against Columbia and the National League All Stars play Lafayette County at 8:30 p.m.

The winner of the first game will play Lafayette County Thursday evening and the winner of the second game will play Clinton Thursday.

While the games at Columbia are being played similar competition for Area II ball teams is being held at Bethany. The winner of the Bethany competition will play the winner of the Columbia competition at the Sedalia Little League Stadium in Liberty Park Tuesday, July 28.

Many Are Full Up

High School Grads Finding It Hard to Enter Colleges

CHICAGO (AP)—Many colleges and universities are slamming their doors on thousands of applicants because of a lack of space.

But a survey by The Associated Press showed today there still is room in many other institutions of higher education, especially in less-populated states.

The survey indicated the school rush isn't as heavy as it seems. In some instances prospective students are playing sort of an academic parlay—applying, say, to three different colleges in the hope of getting into one of them.

A high school graduate seeking admission to the University of Massachusetts or to one of the 10 state colleges in the Bay State came up against odds of almost 5-1.

The university received 12,000 applications for 2,600 openings in the freshman class entering in September. The state colleges, primarily for teacher training, admitted 3,700 of 18,000 applicants.

Georgia Tech has closed its registration books. The University of Georgia did likewise May 4, the earliest cutoff date in its history. Emory University took similar action March 10.

Villanova University, for the first time, had to put a lid on applications for the freshman class.

The University of Rhode Island and Rhode Island College had to cease consideration of new applications in the spring.

Providence (R.I.) College rejected more than 1,000 requests for admission.

"In all divisions of Rutgers (New Brunswick, Newark, Camden) by Feb. 12 we had received 14,000 applications from fully qualified students," a spokesman said, "and yet have room for only 3,555 in the next freshman class. The men's colleges in New Brunswick cut off applications Feb. 15."

The University of Illinois has announced it may have to turn away 2,600 would-be students at its Urbana and Chicago campuses.

Darmouth is rejecting applicants by the platoon.

In some schools, such as the University of Missouri, enrollment will be limited by a shortage of housing. In others, lack of adequate classroom facilities is a big factor.

But the biggest factor is that children born early in the post-war baby boom now are knocking on college gates.

The State University of New York, comprising 58 units scattered across the state has had to turn away students in recent years. It pointed out that it receives applications from young folks who apply simultaneously to several schools.

Holding Action Approved By Members of NFO

WISCONSIN RAPIDS, Wis. (AP)—Oren Lee Staley, president of the National Farmers Organization, asked some 5,000 delegates to an NFO meeting for a 23-state withholding action this fall.

Staley's plea received enthusiastic support. He said the commodity to be withheld, and the date wouldn't be announced beforehand.

He termed the move "a surprise action... to shock the market." Delegates approved the plan without visible dissent, and Staley said there was "little doubt" in his mind the action would take place. He said Wisconsin was the sixth state in the past week to approve it.

Staley said it was a "secret state meeting" of the NFO. Newsmen were told the meeting was closed and the speeches "confidential" but no effort was made to eject them. Delegates jammed a high school field house and overflowed into the street during the day-long sessions.

Rolling Hills Club Holds July Luncheon

Women of Rolling Hills Country Club, Versailles, had as guests at its July luncheon at the club house, representatives of country clubs at Eldon, California and Tipton.

The women played golf in the morning hours and a part of the afternoon. They also spent some time swimming in the pool.

Tables were decorated with bowls of garden flowers. Awards were won by: Mrs. Gail Hughes, California; Mrs. Mary Hager, Eldon; Mrs. June Kline, Tipton; and Mrs. Guy Marker, Versailles.

Mrs. Chapman was mistress of ceremonies. Mrs. Jim Hunter presented golf ball awards.

Members' Gardens Seen In Bunceton

Tours of members' gardens were taken in July by Bunceton Garden Club.

Visited were gardens of: Mrs. D. T. Layne, Mrs. Harry Monks, Mrs. Edgar George, Mrs. Herman Dick, Mrs. Henry Schleuter, Mrs. Earl Scott, Mrs. Earl Miller, Mrs. Hubert Shrouk, Mrs. J. T. Serck, Mrs. Henry Beck and Mrs. W. F. Fancier.

Mrs. Betty Harriman was a guest. Luncheon was held at Kimsey Cafe.

Flower boxes, placed in downtown Bunceton by the club, were inspected.

POLITICAL FEVER—Karleen Turnbull sports an outbreak of tiny political symbols, accompanied by a presidential election-year fever—or as doctors might call it "conventionitis." Actually, the tiny pressure-sensitive symbols are designed as beauty marks, tie tacks, or what have you and will be distributed on United Air Lines' special convention-bound flights.

Detectives Host Party, Nab Crooks

NEW ORLEANS, La. (AP)—The police gave a party Tuesday night and a crowd of crooks was taken to the cleaners.

The party-goers included a number of persons wanted on charges of shoplifting, narcotics sales and burglaries.

The party—it was actually catered with food and refreshments costing \$104—capped a three-month undercover investigation.

The hosts were detectives Robert N. Frey and George J. Hughes, who three months ago opened a laundry shop just four blocks off busy Canal Street in the heart of the city's commercial district.

Informers passed word to the underworld that Frey, posing as Harry Long, the laundry operator, was a fence—criminal jargon for a man who buys stolen goods.

Police Supt. Joseph I. Giarrusso said Frey and Hughes actually bought \$47,000 in stolen property at a cost of \$11,000 from 53 persons, including several real fences.

Giarrusso, Mayor Victor Schiro, Chief Asst. Dist. Atty. Frank Klein and newsmen gathered at police headquarters Tuesday night to listen over the police radio to the party.

It started at 8 p.m. Frey met his first guest at the door and ushered him to a back room. Other officers handcuffed the guest, who stood staring unhappily at the refreshments as a phonograph blared.

Sixteen of Frey's customers showed up. Another 14 uninvited guests came along and police said many were wanted in connection with other cases.

Then Giarrusso ordered sweeping raids on the homes of

Lois Moore Elected Bunceton GA Head

Lois Moore was elected president of Irene Branum Girls Auxiliary, Bunceton Baptist Church, July 15 at the church.

Her officers will be: Janette Gibson, vice president; Charlotte Scott, secretary; Jo Ann Gibson, treasurer; Doris Streetter, Forward Steps chairman; Sandra Hazlett, program chairman; Diane Hamilton, song leader.

Janette Gibson gave the program, "ACP, for Instance." She also called roll.

JoAnn Gibson gave opening prayer and took the offering. Singing was led by Diane Hamilton. Sharon Cordry gave scripture. Closing prayer was given by Mrs. Gibson before Forward Steps were studied.

Book Review On Asia

Mrs. E. E. Barrick gave the book review on "Christian Issues in Asia" at the meeting of the Pleasant Hill WSCS held July 15 at the home of Mrs. Ralph M. Barry.

A covered dish luncheon was served at noon.

The afternoon program entitled: "Where Does a Christian Woman Volunteer Her Time," was presented by Mrs. John Rundlett.

Guests included Mrs. Reed Ferguson, Los Angeles, Calif.; Miss Cleo Coffman, Fort Worth, Texas; Mrs. Josie Brown, Indianapolis, Ind.; and Mrs. Glen Miller.

10 known fences, where a number of other persons were arrested and a large amount of stolen property was recovered.

By early today, a total of 32 arrests had been made. Frey said some of his customers brazenly brought large stolen articles such as lawn mowers, stereo sets, and televisions to him in broad daylight.

WE'VE GOT IT! THE MOST EFFICIENT SUBMERSIBLE PUMP EVER MADE

- Now from Jacuzzi — one of the country's oldest makers of submersibles — comes a remarkable new pump. Jacuzzi submersibles are available for use with a pressure tank on deep wells of 4, 6 and 8 inches and larger in diameter for farm, suburban home and industrial use.
- It's a precision-built multi-stage pump, close-coupled to an electric motor — both designed for complete submersion below the water level of your well. It's water lubricated... runs cool. You don't see it or hear it.
- The big difference with the new Jacuzzi unit is its greatly increased efficiency. You'll get more — much more — water per horsepower than from other submersibles its size without overloading.
- The difference is so significant that we would like to give you the facts in person.

- Galvanized Pipe Cut to Measure
- Soil Pipe — Plastic Pipe — Steel Pipe
- Copper Tubing and Sewer Pipe
